After by any other name is still a deer. My apologies to Lillian Grell, the gal who brought some of the venison, all 101 pounds of it! A staff member handed me a note saying Lillian Grell had felled the hefty creature, and so I gave Lillian credit when Lillian should have had it, but since it was Lillian who gave me the note, you see that happened. Or do you?

Oil Wells Staked In County

Three successful oil well completions and as many failures have been reported in Medina County.

Also posted recently are five new locations in the Taylor land.

Ward & Bushy have reported drilling 3 wells, daily from their No. 2 J. W. Ward Jr., located miles S. W. LaCoste.

Slightly better production is the result of two wells drilled in the Edgar Steigler land 4 miles S. W. Hondo by Choctaw Co. The No. 2 well is getting 5 bbls. daily from the Navarro-Taylor well No. 3 is getting 5 bbls. daily.

A wildcat drilled by Charles Reg on the T. Warren Carter tract 12 miles west of Devine was duster at 1,065-feet. A Taylor-na field well, drilled by J. J. Robinson on Adolph Hutzler's land 10 miles S. E. Hondo, was duster at 1,060-feet.

Plugged and abandoned at 499 feet was L. D. Jetton's effort on the C. A. Jetton land in the Chino Lake field 3 1/2 miles S. W. LaCoste.

Willard Trull, 49 year old confessed slayer of Hugh H. Jay on Aug. 9, was pronounced sane by a jury this week. Trull had pleaded insanity and two physicians testified he was insane at the time of the shooting and at the present time.

The Natalia resident shot and killed Jay, 59 year old Turlock, Calif., resident on the porch of his step daughter's home in Natalia. He was shot three times.

once under the arm and once in the arm before he fell and then the fatal shot to the back of the head after Jay had fallen. Jay's daughter, Mrs. A. R. Pankey was present during the shooting.

Bobbitt Speaks At Dinner

"All Chamber of Commerce exist for the same purpose. If we work together, we'll make a lot of progress," Judge Robert Lee Bobbitt told more than 100 persons who attended the Chamber of Commerce membership banquet Monday night. Judge Bobbitt was the main speaker at the banquet.

Topic of Judge Bobbitt's main speech was "Water Conservation."

"The governor did not go to the front and the Legislature did not, in their last two sessions, make provisions for water conservation," Judge Bobbitt said. "We should have some new and adequate legislation to keep anyone from wasting natural resources," the former legislator added.

"Everyone around Austin has been busy on fraudulent insurance companies and land fraud deals for the past four or six years, and haven't taken time to their duty on water conservation," he said. The overall effort to conserve water belongs to the Texas Legislature — they just haven't done anything about it."

Born and reared in Hillsboro, Bobbitt received his education at Carlisle Military Academy, North Texas State College and the University of Texas, where he received his law degree. He is now a practicing attorney in San Antonio.

Bobbitt said he felt the federal, state and local governments should cooperate on water problems.

"Conservation of water is like public free education — there is a proper place for all of us to take," he said. "The mess we are in is our own fault."

staying out and drinking. She said when Trull entered her home on Aug. 9, he did not speak to anyone as he usually does. He walked over to where Jay was seated and ask him to step outside with him, that he wanted to talk. A. R. Pankey, son-in-law of the dead man, said he was talking on the telephone at the time and hung up as soon as he could because he knew there was going to be trouble.

Pankey used to work with Trull for about two months on a well drilling rig. Pankey said Trull "had a funny look in his eye" when he entered his home on the day of the shooting.

Trull, who signed a confession after turning himself in Aug. 15, looked as if he had lost some weight — he has been in Medina County jail since Aug. 15.

Jay was the first husband of Trull's present wife and had visited Natalia several times during recent years.

Dr. G. D. Boyd, San Antonio medical doctor and a member of the Bexar County Health Office, testified that his examination of Nov. 20 showed Trull had low mentality, delusions, that he had been anti-social all of his life and that he had been insane for several years. He said Trull had a split personality and thought people were working against him.

"He should be in a mental institution," Dr. Boyd said.

Dr. James B. Polka, a physician for the past 25 1/2 years, said he thought Trull felt it "was all right to kill." He also said Trull had been insane for many years.

Prosecuting for the state was Francis Richter, District Attorney, and attorney for the defendant was Joe E. Briscoe, Devine.

Dr. Walter Meyer, Hondo medical doctor, testified that Trull was of sound mind after he performed an examination recently. He said Trull could distinguish between right and wrong.

All of the state's witnesses said they had never noticed anything peculiar about Trull — they all thought he was of sound mind.

Sheriff Charles Hitzfelder testified that Trull had completely changed since his Nov. 20 examination with Dr. Boyd. He said that since that time, he had remained to himself and refused to shave or get a haircut.

Texas laws say no insane persons may be convicted of a crime. Briscoe filed an affidavit that the defendant was and is now insane. Two issues faced the jury — insane Aug. 9, yes or no, and insane now, yes or no. The jury decision — no on both counts.

Trull will be tried for "murder with malice" Monday.

Jury members were J. D. Enloe, S. H. Parsons, John Reus, Ramon Cortez, Alex. Conrad, Russell Haby, Edward Bohl, Raul Dominguez, Andrew Schweers, Walter Haass, Myles M. Weynand and Ernest Cuellar.

While hunting rabbits Nov. 30, Silva shot at three children playing basketball. He said he shot at them to give them a scare.

While hunting Dec. 4 on Caddenhead's property, Silva said he took three shots at a boy. All of the shots were fired from a .22 cal. rifle.

Arresting officers were Hubert Robe and Leonard Lewis Jr. of the Devine Highway Patrol, and R. H. Kabe and C. J. Hitzfelder, from the Medina County Sheriff's Department.

The youth was apprehended Tuesday.

Check Forger Arrested Here

The Medina County Sheriff's Department arrested a nationally known check forger here last Saturday night.

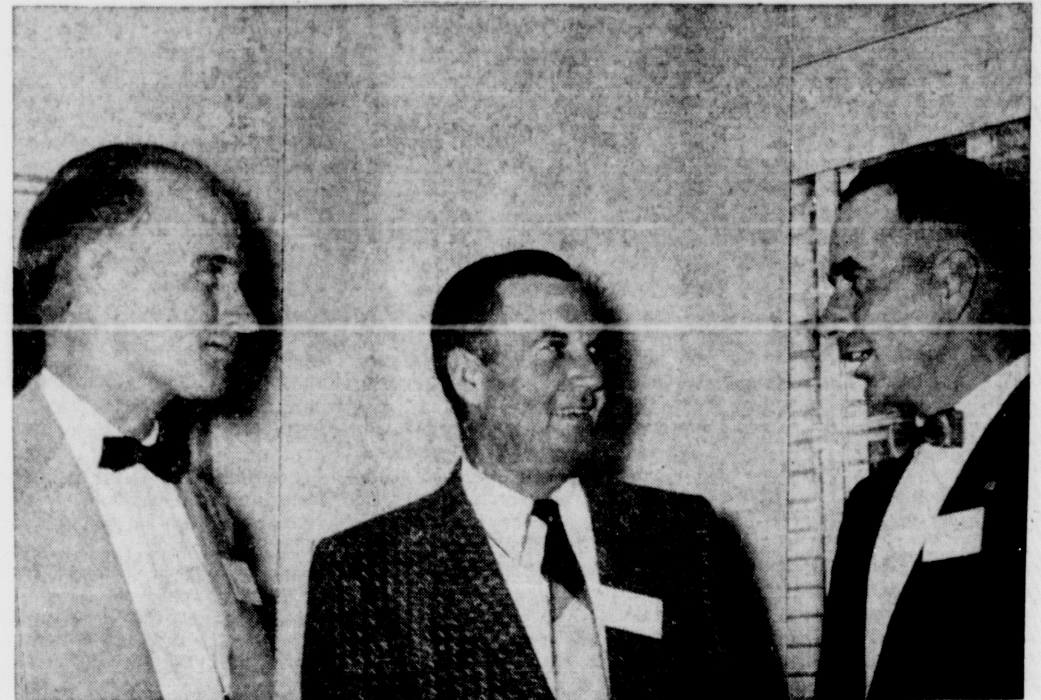

Charles Oetion, 61, was arrested at the roadside park, just east of Hondo on Highway 90. He has given 20 checks in San Antonio on the Frost National and is from Detroit, Mich. Various items were recovered from his car.

Oetion has served terms in a federal penitentiary and a state penitentiary.

Air Base Lays Plans For Construction

Construction in excess of \$225,000 of permanent type buildings for bachelor officers quarters will begin not later than Dec. 7 at Hondo Air Base. The new structures will be erected on a site adjacent to the athletic field, according to Lt. Col. George Reinburg, commanding officer, and Paul W. Bybee, director of base installations for Texas Aviation Industries, Inc.

The eight buildings, each housing eight officers, are designed of four compact units. Each unit has two bedrooms, and a living room and bath to be shared by two officers.

Construction will be of concrete blocks, gravel roofs, asphalt tile floors, with ceramic tile in the bathrooms. Air conditioning and central heating will make these quarters the most modern and comfortable billets in this area.

Each building will comprise 2,500 square feet with 312 square feet of space per man.

Buildings are to be joined diagonally with an eight-foot overhang to make access from one building to another possible in inclement weather.

Furnishings will consist of drapes, occasional chairs, and desks for study purposes. The bedrooms will have built-in beds and dressers.

At the rear of the site, a janitor's building is to be placed so that in the event of an addition of more quarters, it will allow for the servicing of both building areas equally.

"This is the first permanent type building we have put up since the re-opening of the base," Bybee said, "and it is anticipated that in the future, all buildings on the base will be replaced with permanent structures."

Col. Reinburg stated that, in view of this construction, Hondo Air Base will likely remain a primary contract school for a long time.

April 15 is the expected date of completion for the new bachelor officers quarters.

Sterling Fly Will Speak At Banquet

Dr. Sterling Fly of Uvalde, will be the main speaker at the annual dinner of the Medina County Council of Camp Fire Girls, Inc., Tuesday, Dec. 11 at the high school cafeteria, at 7:30 p.m.

According to R. V. Stanga, president of the council, a good attendance is anticipated. Cadet Richard Fuhrman and Mrs. Sue Mayo will present the entertainment. Leaders of the various groups will be recognized, financial report for the year as well as a council report will be given.

Reservations for the dinner should be made not later than Saturday morning, Dec. 8.

On Marketing Quota

Farmers Will Vote

How farmers vote in the cotton marketing quota referendum to be held throughout the Nation's cotton-growing area Dec. 11, will determine whether quota penalties will apply and also the level of price support for 1957-crop cotton. The referendum therefore is of vital concern to every cotton grower, says George A. Koch, Chairman of the Medina County Agricultural Stabilization and Conservation Committee.

The marketing quota program will be in operation for next year's crop, the Chairman explains, if at least two-thirds of the votes cast in the referendum are in favor of the program. In that case, price support will be available for the 1957 crop of upland cotton at a level between 75 and 90 per cent of parity, and quota penalties will apply on any "excess" cotton. If more than one-third of the votes are against quotas, there would be no quota penalties but the price support level to eligible growers would drop to 50 per cent of parity.

Koch explains that, even though quotas are disapproved, acreage allotments will remain in effect as a means of determining eligibility for price support.

All farmers who engaged in the production of upland cotton in 1956 will be eligible to vote in the referendum. This includes growers who participated in the 1956 Upland Cotton Acreage Reserve of the Soil Bank.

The referendum will be held between the hours of 8 a.m. and 7 p.m. on Dec. 11 at the following polling places: ASC office, Hondo, for producers residing in the D'Hanis, Hondo, Yancey and Castroville communities, and the Court House Building, Devine, for producers residing in the Lytle, Natalia, LaCoste and Devine communities.

At the same time, peanut growers will have an opportunity to vote in the marketing quota referendum at two polling places in Medina County, Koch said. The referendum will be held Dec. 11, and will determine whether peanut marketing quotas will continue in effect.

All farmers entitled to share in the 1956-crop peanuts planted for harvest as nuts on a farm having more than one acre of peanuts planted are entitled to vote. Also, every farmer who participated in the 1956 Peanut Acreage Reserve of the Soil Bank on more than one acre will be eligible to vote.

Polling places are located so that growers in the main peanut growing communities will have to do a minimum of traveling, Koch said. Each grow-

More Than 100 Attend Membership Banquet

Mrs. Jo Wood was named "Citizen of the Year" at the annual membership banquet of the Chamber of Commerce last Monday night. The banquet was held at the Hondo Air Base Officers Club.

Mrs. Wood, a native of Hondo, was overwhelmed when the announcement was made. Mrs. E. W. Brucks made the presentation. The following is part of her introduction:

"The fact that our citizen was born and reared in Hondo was not sufficient reason for making the award — but it is what our citizen has done and is still doing here during that lifetime that merited the award."

"The first requisite of a good citizen in this city of ours is that he should be able to pull his own weight."

"Take any civic project and generally speaking, we are all prone to say — you take it —

I'm too busy — and our citizen not only volunteers but sees it through to the finish. That, in the unanimous opinion of the Citizen of the Year Committee, is one of the truest tests of an outstanding citizen. He pulls his own weight."

"Good will, that indefinable asset which is the bulwark in the growth of a community or city, has long been an attribute of our citizen. Strangers, lucky enough to meet up with our citizen first, immediately get the feeling that they belong here — and as a result, settle into our community life with a sense of home coming."

"Charity — the heart and pulse beat of a city and a true citizen — is another attribute which was instrumental in the Committee's choice this year. People in all walks of life have received aid, and it was only by taking a "man in the street" poll that much of this charity came to light. Citizens who have lost home and possessions through fire can always be sure of at least one helping hand — that of our Citizen of the Year."

Other Chamber of Commerce awards went to Eugene F. Saathoff, outstanding farmer - rancher of Medina County, and Jim Amberson, outstanding wildlife conservationist.

Saathoff owns and operates a ranch 20 miles northeast of Hondo on the old Bandera Road. At one time, his ranch was heavily infested with worthless brush and was also severely overgrazed. In 1951, he talked over his ranch problems with the local Soil Conservation Service. Together, they worked out a long range conservation plan tailored to suit the specific problems on that ranch.

He has cleared brush on approximately 600 acres of land and has followed a sound plan of rotational and deferred grazing to protect the grass. In the past five years, he has practically restored his ranch to its original productivity.

The 4,500 acre Amberson ranch is located four miles north of D'Hanis. Amberson has been feeding oats, corn, maize and mineral salt to wild turkey, dove, quail and deer 12 months per year for the past 12 years.

Hunting and fishing is by invitation and only 10 hunters are permitted on the ranch at one time. Turkeys must be hunted from blinds only, thus protecting the hens.

One of the unique game conservation features of this ranch is a 250 acre no mans land. Hunters are not allowed to even walk across this area. Tanks are evenly spaced to give wildlife ample water supply. Dove hunting is not allowed at tanks because it would interfere with mating of turkey.

Judge Robert Lee Bobbitt, San Antonio, delivered the main address.

Paul Bybee, outgoing Chamber of Commerce president, announced next year's officers. They are Elmo Pope, president; Fritz Leinweber, vice-president; and Jean Ulbrich, treasurer. The three out-going directors are Dr. J. H. Jennings, Dean Reed and Bybee. The three new directors are Dr. Joe Mims, Harry Haltman and O. J. Bomba.

MRS. JO WOOD, left, receives the "Citizen of the Year" award from Mrs. E. W. Brucks during Monday night's Chamber of Commerce banquet.

ARCHITECTS drawing of the permanent type buildings for bachelor officers quarters which will be constructed at Hondo Air Base, are pictured above.

Estimates say more than \$225,000 will be spent in the construction work, which was to begin today.

FB Sends Delegates To Meet

Texas will send six official voting delegates to the American Farm Bureau Federation's 38th convention which meets Dec. 9-13 in Miami Beach, Fla. This is the largest voting delegation ever to represent the Lone Star state at the annual policy-making session of the world's largest general farm organization.

The six are TFB President J. Walter Hammond, Tye; Vice-President J. H. West, Bishop; and Directors C. H. DeVane, Coahoma; R. A. Fuchs, Brenham; S. W. McClaren, Cameron; and Edwin Sanderson, Paris.

National Farm Bureau policies for next year will be adopted Dec. 13, final day of the convention. Each state Farm Bureau makes recommendations to the national convention.

The Texas Farm Bureau is making recommendations on many important national issues including: foreign trade, soil bank, wheat, rice, cotton, peanuts, water, labor, federal land ownership, property rights, livestock, poultry and taxes.

For a national farm program, Texas is recommending that the soil bank continue as a voluntary program. Texas delegates will press for 90 per cent price supports on basic commodities as long as supplies are in line with demand. However, if supply exceeds demand to the extent that the Secretary of Agriculture deems it necessary to reduce the support price, the Texas Farm Bureau thinks that the incentive payment for participation in the soil bank should be increased to the extent that it will assure active participation in the soil bank. This should assure the highest possible net farm income under present economic conditions, according to Hammond.

"And, after all, a high net income is what we are trying to secure," Hammond said.

Hon Allan Shivers
Governor of Texas
Austin, Texas
Dear Governor:

Regardless of who is right about the law, it is regrettable that you delayed accepting my resignation for 47 days and did not in all that time ask for an Attorney General's opinion or announce your own decision as to the applicable law.

Had you acted with any reasonable diligence, we could have had an election either under the statute of your choice (Art. 12.02) or of my choice (Art. 4.09) before congress convenes on January 3. Instead, you waited to announce the statute of your choice until it was impossible under its terms (requiring 60 days) to hold an election before January 3 and until your requested change in my resignation would enable you to appoint a Senator on that date.

You know better than any other person in Texas that this result would be contrary to my campaign promises and to my conviction that the people should select their own public officials at the ballot box. You know of my continued efforts and desire to have the Senate election held before Congress convenes on January 3 so as to make unnecessary an appointment by you, by me, or by anyone else. If this was ever your intention or desire, you have never said so or given any indication thereof. In order that your motives may not be misunderstood, I call upon you now to state publicly whether you have ever desired to afford the people an opportunity to elect my successor before January 3, rather than to have a temporary successor appointed by you or by me. If so, this is still possible under Article 4.09, which requires only 20 days' notice. Therefore, I ask your reconsideration and urge you to call the election promptly.

Section 4 of Article 4.09 of the Texas Election Code authorizes any elected official to resign effective at a future date and directs that an election be called immediately. The constitutionality of this procedure has been decided in several cases. At least 18 United States Senators have resigned effective at future dates just as I have done. In most cases, procedures for naming their successors have been commenced or concluded prior to the effective dates of the resignation. In at least three cases, objections were raised similar to those in your letter and the United States Senate overruled these objections and approved elections or appointments in advance of the effective dates of the resignations. I have mailed you a copy of a legal brief in reply to your letter of November 12 and herewith attach the original. This answers all of the objections raised against your proceeding under Article 4.09.

The unfriendly tone of your letter of November, your failure to ask an opinion from the Attorney General, and your long delay in announcing the only proposal under which you will call an election leaves no alternative but to conclude that you have deliberately delayed this request so as to prevent an election by the people of Texas before January 3.

Your proposal of November 12 amounts to no more than a request that I assist you in a plan calculated to delay an election so you can appoint a Senator when Congress convenes. As heretofore indicated, I could never be a

party to any such political arrangement, and it is inconceivable to me that you would request that I do so. This is especially true at a time when the Senate is so closely divided that your appointee could swing organization of the Senate to the Republicans and thereby remove Texas and Southern Democrats from the majority leadership and chairmanship of important committees handling tax policies, agriculture, civil rights and other legislation vital to our State and Nation. Only yesterday the Republican Policy Committee's report on prospects for organizing the Senate had this comment: "If he (Senator Daniel) left his seat earlier (than January 15), it is conceivable that Governor Shivers would name an interim successor who might vote with the Republicans."

You know the sincerity and honesty of my desire for an election before January 3, both from my public statements and from my solicitation of your cooperation to accomplish this result, as well as my continued efforts to avoid the controversy which now exists. These efforts on my part include the following:

1. A careful study of the law, which led me to conclude that a resignation authorized by Article 4.09 was the best way to assure an election and thus obviate the necessity for an appointment.
2. This purpose was explained personally to you before last State Democratic Convention and thereafter by the new Chairman and Secretary of the Democratic Committee, who represented me in asking you to agree to call an election before January 3. This you declined to do.
3. On the day my resignation was filed with you in Austin, Sept. 27, 1956, my assistant, Mr. Jacobsen, again made it clear to you and your staff that I would resign effective at an earlier date if you were willing to agree to call an election before January 3. In fact, I had delivered to Mr. Jacobsen a resignation effective on Jan. 3 and authorized him to file it if you agreed to call an election before that date, but you declined to do so.
4. Finding it impossible to obtain your cooperation toward an election before January 3, the resignation effective Jan. 15 (or such earlier date as my successor is elected) was filed. In it, I urged that you call the election "in time for my successor to take office not later than January 3, the first day of the next Congress."
5. When you asked me by letter of Sept. 27 for my legal brief on your authority to call the election, saying you might need to ask the Attorney General for an official ruling, I immediately submitted my written brief by letter dated Sept. 28 and urged that "the election should be ordered immediately." This brief was concurred in by Mr. Gaynor Kendall, former Assistant Attorney General, who wrote Article 4.09 for the Legislature when it was originally enacted in 1933.
6. After hearing nothing further from you except newspaper accounts that you were going to delay all action until after the Nov. 6th General Election, by letter of Nov. 2, 1956 I again urged you not to delay longer in accepting my resignation and to call the election so it could be held before January 3.

In all fairness, it would seem that the foregoing efforts on my part should have indicated to you that although we might disagree as to the law applicable, if you had announced your conclusion and made your suggestion at any time when a change in my resignation would have assured an election before January 3, I would have been glad to comply. My efforts to facilitate the election and to avoid controversy where met by complete lack of cooperation and either intentional delay or neglect on your part, as follows:

- (1) In spite of the question raised in your letter of September 27 as to your power to call an election under Article 4.09, you departed for an extended trip to Alaska without asking the Attorney General of Texas for an opinion on this important subject.
- (2) Upon returning from the trip to Alaska and after other trips to Florida, Tennessee and California, you were publicly critical of my resignation at a time when you admitted to the newspapers that you had not studied the law and still had not asked for an Attorney General's opinion.
- (3) You delayed 47 days in accepting my resignation and in advising me that you would not call an election in accordance with the law under which I had resigned; and still without an official opinion of the Attorney General.
- (4) You did not suggest a change in my resignation and an election under another law (Article 12.01) until it was too late to hold an election under that statute before Jan. 3 and until this action would automatically give you the appointment of a Senator when Congress convenes on January 3.

A mere comparison of our respective actions in this matter would seem to indicate which of us was doing his best to insure a prompt election rather than the appointment of a new Senator.

I regret this controversy. As shown above, I did all within my power to avoid it. In all frankness, I must say that I do not know of any action on your part to avoid the controversy. From the beginning, it appeared to me that you disagreed with my advocacy of an election in time to forego an appointment. As stated in my letter of November 2, it is no reflection on you that I wanted to prevent the possibility of your delaying an election and appointing a successor, because I am equally opposed to making the appointment myself. This was an issue in the campaign. You and I were falsely accused of having made agreements concerning appointment of a successor. I continually branded with as a falsehood and stated with I would time my resignation so there would be ample opportunity for an election rather than an appointment by me or by anyone else. That was the purpose of my resignation and it can be carried out even now if you will reconsider your position and call an election immediately under Article 4.09.

I realize that the decision is yours. Under the Texas Constitution, the Governor is not subject to mandamus proceedings to force him to follow the law. It seems to me that this is another good reason why you should resolve any remaining doubt in favor of calling this election immediately, as directed by Section 4 of Article 4.09 of the Texas Election Code.

Respectfully yours,
PRICE DANIEL

FAMILY FAVORITES

By Mrs. J. V. Blinks

This week's Anvil Herald favorite recipe comes from Mrs. J. V. Blinks, 703 30th St., Hondo.

Born Nov. 11, 1917, in Tuleta, Tex., Mrs. Blinks says she loves Hondo. She has been in Hondo for the past four years, moving here from Pleasanton, where she lived for one year. When she married J. V. Blinks at the age of 18, they moved to Alice. The couple later moved to La Pryor before going to Pleasanton.

Hobbies include traveling, fishing, and eating—she has been to New Mexico, Old Mexico, Louisiana, Mississippi and many other places and says she hopes to go to the state of Washington some day.

Mrs. Blinks is a member of the Eastern Star, and has served on the Rainbow Girls Board of Directors, Band Boosters, Parent-Teacher Association and was at one time a 4-H Club leader. She is from a family of four girls and four boys.

When asked how long she had been cooking, Mrs. Blinks replied, "Ever since I can remember." She has her own home-made recipe for making bread.

Mrs. Blinks says you can use cold turkey instead of chicken in the following recipe.

Chicken Ring

1 cup corn meal
1 cup flour
1/4 cup sugar
1/2 t salt
4 t baking powder
1 egg
1 cup milk
1/4 cup shortening

Sift dry ingredients together and add the egg, milk and shortening. Beat until smooth. Bake in a greased ring (about 8 in. in diameter) in 425 degree oven about 25 minutes. Turn out on platter and fill center with cream chicken.

Cream Chicken

2 cups dried cooked chicken
1-3 cup margarine
1 small onion
1/2 cup diced celery
1-3 cup flour
1/2 t pepper
1/4 t Worcestershire sauce
1/2 t salt
3/4 cup milk
2 cups chicken stock

Melt margarine, fry onion and celery until lightly brown. Then add flour and seasoning until smooth and add milk and stock gradually. Cook, stirring until the sauce is thick, add chicken to sauce and heat. Pour into baked ring and serve.

Braden-Jungman Ceremony Held At St. John's Church

Miss Barbara Joan Braden became the bride of Thomas A. Jungman in a double ring ceremony Saturday, Nov. 24, at St. John's Church in Hondo. Rev. Harold Ehlinger officiated.

The bride is the daughter of Mr. and Mrs. G. O. Braden of Hondo and the groom's parents are Mr. and Mrs. William J. Jungman of Castroville.

Given in marriage by her father, the bride wore a dress of nylon tulle over heavy satin. The molded bodice, styled with high neckline, was outlined in bands of lace with self covered buttons. The long sleeves ended in points over the wrist. The bouffant skirt with bands of lace and pleated nylon tulle ended in a cathedral length train. Her fingertip veil had matching bands of pleated tulle and was outlined in tiny seed pearls. The bride carried a cascading bouquet of white feathered carnations with a detachable orchid in the center.

The church was decorated throughout with baskets of white glads and ferns. Hymns were rendered by the members of St. John's Choir with Henry Martin Finger singing "Ave Maria" during the offertory. Mrs. Volney Boon was the accompanist at the organ.

Miss Thelma Steigler of Hondo, was the maid of honor, and bridesmaids were Miss Karen Jungman, cousin of the groom, and Miss Shirley Braden, cousin of the bride. They wore identical gowns of wine-red velvet with matching velvet hats, shoes and gloves. They carried matching velvet bags, which was a gift from the bride. Attached to the bags were bouquets of feathered pale pink carnations fashioned in a Hogarth curve arrangement.

Mother of the bride wore a black two-piece faille suit and wore winter white accessories. Mother of the groom wore mauve with black accessories. They each wore white carnation corsages.

Donald Jungman, was his brother's best man and the groomsmen were Gordon Braden, brother of the bride, and L. Larry Biediger of Clovis, New Mexico. They wore identical suits of oxford black which were the same as the groom. Claude Wengert and Sylvan Stein were ushers.

A reception followed the nuptial mass at the home of the bride's parents. The house was decorated with baskets of glads and various autumn flowers in the gift rooms. The bride's table was damask cloth centered with a beautiful arrangement of white mums and ferns. Miss Shirley Fowler of Sabinal, and Miss Carolyn Rhea served the cake, punch and coffee.

For going away, the bride wore a blue suit with white accessories. After a short wedding trip, the groom left for his present station at San Diego but will

leave very soon for Hawaii. The bride will continue to work at Texas Aviation Industries until her part call comes to join her husband in Hawaii.

The bride is a graduate of Hondo High School and during her senior year, was elected head drum major for the high school band. The groom is a graduate of St. Louis School of Castroville and also attended Texas University where he received his Bachelor of Science degree. He also starred on the University baseball team during his term there. Jungman plans to teach when his tour of duty with Uncle Sam is completed.

Ladies Aid Lays Plans For Party

Castroville's Zion Ladies Aid Society held its regular monthly meeting Nov. 28 at Zion Lutheran Church in Castroville. Rev. Leo Benorden lead the service with hymns, prayers and a lesson.

The Society is conducting a paper drive Dec. 1-10.

A Christmas gift of \$25 will be sent to the Grace Lutheran Sanatorium. A Christmas party for all members will be held Dec. 19, with no exchange of gifts. A Christmas cheer offering will be given for the Round Rock Orphans Home at the party.

Flower committee named for the month of December includes Mesdames Felix Stinson, Louis Hart Sr., Armin Scheider, Leo Benorden, Alfred Kriewald and J. F. Meller. Hostesses for December include Mesdames Arthur Kriewald, W. C. Whitehead, J. F. Meller.

Hostesses for the day were Mesdames Walter Kralic, Leonard Otto Jr. and Marvin Koenig.

Jordans

Mr. and Mrs. Jim Jordan are the parents of a son born at Medina Hospital Tuesday afternoon, Dec. 4. He weighed 5 pounds, 14 ounces. His sister is two-year-old Rebecca and his grandparents are Mr. and Mrs. Fabian D. Garrison.

Wedding Date

Mr. and Mrs. T. A. Duderstadt of Yancey, are celebrating their Golden Wedding anniversary on Saturday, Dec. 15. They are having an open house from 2-5 p.m., to which all their friends are invited.

Mr. and Mrs. Thomas A. Jungman

Franquero-Beckstraad Rites Read In California

St. Gregory's Church in San Mateo, Calif., Nov. 17, was the setting for the marriage of Wanda Franquero and Lindsay Beckstraad. The bride was given in marriage by her father, Charles Franquero of that city. Her mother is Mrs. E. D. Copeland, the former Agnes Rudinger of D'Hanis. The bride attended San Mateo High School. Her husband is the son of M&M George Beckstraad. He attended school at Marin County.

For her Vow exchange, the bride chose a gown of white lace on nylon net and carried garnet roses centered with a white carnation. Joan Beckstraad, the maid of honor, was gowned in light raspberry made along princess lines; darker raspberry banded the dress, and the same color was picked up in the hat and shoes. Her flowers were a qu a carnations. Bridesmaids were Sharon Wilds, Gloria Pental and Lucinda Logeman. They all wore pale aqua gowns in princess effect and carried pink carnations. Bryon Beckstraad was best man and guests were seated by Bill Walsh, Richard Franquero and Gordon Tucker. The bride's mother was dressed in a navy wool coat suit with pink accessories and her

corsage was pink garnet roses. Mrs. George Beckstraad, the groom's mother, chose a light gray suit and wore pink garnet roses. The Texas grandmother, Mrs. Walter Rudinger, wore navy blue with pink carnations. A reception followed the 10:30 a.m. rites at the Peninsula room of the Hillsdale shopping center. For travel, the bride was wearing a black wool sheath. When the young couple returns from their honeymoon, they will reside in Marin County, California.

Miss Finger Elected Sweetheart

D'HANIS — Miss Carol Ann Finger has been elected by the 1956 Cowboys as their football sweetheart and was presented with a bouquet of red roses at the annual football banquet Nov. 24. Carol Ann, a junior, was head cheer leader during the '56 season, and was recently elected as one of the twirlers for 1957. She is the daughter of Mr. and Mrs. Raymond Finger.

St. John's To Purchase Serving Set

St. John's Altar Society held their November meeting recently and decided to purchase two banquet tables, two table cloths and a punch bowl and cup service.

The nominating committee gave their report as follows: Mrs. Michael Ball, president; Mrs. Joe Meyer, vice-president; and Mrs. O. J. Bomba, secretary-treasurer.

The annual Christmas party will be held Monday, Dec. 17, at 8 p.m. All ladies of St. John's Parish are cordially invited to attend, and gifts amounting to \$1 in price will be exchanged between the members and guests.

Hostesses for the November meeting were Mrs. O. B. Taylor, Mrs. Henry Vogel, Mrs. Gertie Zerr, Mrs. Lenora Schuehle and Mrs. Jack Ulbrich, Jr.

Miss Braden Feted With Bridal Shower

Miss Barbara Braden, bride elect of Thomas A. Jungman, was honored with a miscellaneous shower on the afternoon of Nov. 22 in the home of Mrs. R. W. Meyer.

To receive her guests, Miss Braden chose to wear a pale blue brocade sheath dress with a pink carnation corsage. With Miss Braden in the receiving line were Mrs. Meyer, in a brown figured silk dress and pink carnation corsage, the bride's mother, Mrs. G. O. Braden, in a dress of beige lace with brown velvet trim and a bronze chrysanthemum corsage, and the mother of her fiancé, Mrs. William J. Jungman of Castroville, in an aqua crepe dress with pink carnation corsage.

In attendance at the bride's book was her cousin, Miss Shirley Braden, while hostesses alternated in serving at the table and in the gift rooms. Fifty guests registered in the book.

The dining table was laid with a white satin damask cloth centered with an arrangement of white stock and graduated colors of lavender and pink mums, flanked by tapers in crystal candleholders. A large crystal tray held the individual cakes and the crystal was used for nuts and mints. Punch was served from a crystal punch bowl.

Hostesses were Mesdames Meyer, E. G. Pope, Joe Brucks, Felix Hollmig, Felix Richter, Bill Braden, Charles Winkler, Harley Eckhart, Jack Dowdy, Frank Rucker, Tom Bertsch, E. W. Brucks, Everett B. Vincent, Frank Nehr, Glenn Haas, Jean Ulbrich, Arthur Massena, Bobbie Helligman, Leo Danemiller, Andrew Braden, Misses Irene Braden, Carolyn Rhea, Betty Neuman and Shirley Braden.

The D'Hanis FFA Quiz Team and the Devine Group Chapter Conducting Team will enter the State FFA Leadership Contest at San Houston State Teachers College at Huntsville Saturday, Dec. 8.

The Leakey Chapter Radio Broadcast Team will also be in the contest. The six winning teams of each area will participate in this contest.

John McAnelly, Hondo vocational agriculture teacher, will be one of the state judges in the Chapter Conducting Contest.

Other teams from Area VII who will participate in the contest are Luling, Greenhand Chapter Conducting; Kyle, Greenhand Farm Skills; and East Central, Chapter Division Farm Skills.

The entire state will have 60 teams present Saturday to match wits or skills. The Hondo FFA Chapter Conducting Team entered the state contest last year. Each area will be competing against each other.

Couple Celebrate

Mr. and Mrs. Jack R. Grounds Sr. will celebrate their 50th wedding anniversary Dec. 16, when sons and daughters gather for a party in Oklahoma City, Okla. The former Baybelle Redus, sister of Mrs. R. R. Cadenhead of Devine, made the announcement.

Mothers Club Will Hold Bingo Party

The St. Louis Mothers Club held its regular monthly meeting Wednesday, Nov. 28, in the parish hall.

An interesting film on Polio Vaccine was shown to the group by Mrs. Marjory Scholt. A letter was sent to the club asking their opinion on establishing a Public Library in Medina County.

Officers of the club will serve hot cocoa and cookies to school children on the morning of Dec. 21, when school will be dismissed for the holidays.

A paper drive is to be held this Thursday, and a bingo party is planned for Wednesday Dec. 12, at Koenig Park to raise funds for the club. Mrs. Floyd Tondre was elected mother of the month. The next meeting will be Tuesday, Dec. 18.

WSG Holds Christmas Program

Guests of the Wesleyan Service Guild Tuesday evening in the home of Mrs. E. W. Brucks were members of St. David's Episcopal Auxiliary.

Mrs. Amos Harlie introduced Miss Thelma Lynch of the Auxiliary who presented "A Miniature Christmas" by Pearl S. Buck. Mrs. Harlie told the story of "The Little Angel" which has become a tradition for ending the Christmas program for the Guild.

Two new members were welcomed into the Guild, Mrs. Vernon Grunewald and Mrs. Jerome Blinks.

Guests included Miss Lynch, Mesdames Bill Kelly, Karl Slayter, John Hagen, H. H. Renken, Mary Rutherford, Mae Rutter and Sam Bassett.

Members present were Mesdames Reno V. Stanga, Joe Cunningham, Jack Landers, Roy Hartman, Ernest Muennink, C. B. Gaston, Welton Meyer, Joe Brucks, Garland Martin, R. J. Reilly, W. L. Windrow and Marguerite Murrill.

Castroville Band To Give Concert

A Christmas Concert will be given Dec. 17 in the Castroville High School auditorium, under the direction of Bill Fotjik and Miss Ruth Lawler. The Castroville Band will perform, the St. Louis Glee Club will have several numbers and cadets from Maye Military School will have some instrumental numbers. The concert is open to the public and everyone is welcome to come and enjoy the talents of these Castroville children.

Santa To Visit Natalia

NATALIA — At a meeting held at the American Legion Home Friday evening, tentative plans were formulated for a community Christmas tree, with Postmaster M. Maney serving as chairman.

The program is to be held in the open, weather permitting, at Ahl's Park on Highway 19 south on Dec. 19 at 8 p.m. The following organizations and churches are participating: The Community Presbyterian Church, Catholic Church, Baptist Church, Church of God, American Legion, G. I. Forum, Boosters Club, American Legion Auxiliary and Ex-Servicemen's Org.

The Parent Teacher Association will have charge of the program with Mrs. C. V. Kerr as chairman.

Ladie Jaseck is to serve as finance chairman. Clarence Jaseck will serve as chairman of the purchasing committee. Dutch Jaseck is to arrange for the tree. McDonald and Junior Ford are in charge of decorations. The G. I. Forum, with Art Jaseck and Peto Reyes co-chairmen, will have charge of preparing gift bags.

Floyd Cole and E. H. Jaseck are to handle publicity. It is the sincere hope and desire of the committee that the children of this community, of the age of 12 years down, be overlooked when the Christmas goodies are passed immediately following the program. Santa Claus will be on hand to conduct this part of the program personally, according to the plan received from Santa's headquarters.

CASTROVILLE NEWS

By Mrs. W. R. Griggs

M&M Ralph Tschirhart had a turkey dinner Sunday in their home. Those enjoying the occasion were M&M Harold Hans of Austin; M&M Theo Tripp, Mac-dona; M&M Maurice Rihn and children, M&M Billie Tschirhart and son, and Miss Merlyn Tschirhart.

Sgt. and Mrs. C. J. Kernes of Perrin Air Force Base, were dinner guests of M&M Fred Boubel Sunday. Sgt. Kernes was deer hunting in Medina County while here.

Mrs. Jack Conger and Mrs. Joe Vanham of Uvalde, were sight-seeing and gathering information in Castroville last week. Mrs. Conger is program chairman of the Uvalde Garden Club. With Mrs. Vanham, they are planning a program that will increase interest in the flowers, shrubs, trees and other things that were used by pioneers in their first gardens in this section of the county.

M&M Martin Tschirhart spent the weekend with M&M August Tschirhart.

Eddie Schott of San Antonio, visited Joe Schott over the weekend.

M&M Arnold Knipple of Pasadena, visited in the home of M&M Harold Lowe recently.

We are very happy to have Rankin Robertson home from the hospital.

M&M E. P. Lafferty flew to West Point Thursday to be with their son, Pat, who is ill. Young Pat has been on the Dean's Honor list every six weeks this year. We are all very proud to say Pat is a Castroville graduate of St. Louis School.

Mrs. Lillian Raney and Mrs. Willie Gibson of Manteca, Calif., were visiting M&M Leo Yena, during the past two weeks. They are both sisters of Mrs. Yena. While here, they all enjoyed a family reunion Nov. 22 at Agua Dulce in the home of another sister.

M&M Harold Keller are at home in Castroville after a week-long wedding trip to Arkansas and Oklahoma.

M&M Denis Tschirhart and Ferd spent Sunday in D'Hanis with Mrs. Dora Bendele and Mrs. Fritz Rothe. Others present were M&M Amos Bendele of Eagle Pass, M&M Fritz Bendele and daughters of San Antonio, and M&M Calvin Bendele and family of Ganado, who had spent the Thanksgiving holidays there. John Bendele, 11 year old son of Calvin Bendele, was lucky to bag an eight point buck — his first kill.

M&M Joseph Lindsey and sons of Austin, spent the Thanksgiving holidays with M&M Ferdinand Tschirhart. M&M Gilbert

Friesenhahn and family were Saturday visitors of the Tschirharts.

M&M Eric Hynaman spent Thanksgiving in the home of M&M Henry Tschirhart and family.

Robert L. Brown, son of M&M W. C. Evans of New Gulf, is visiting and hunting with the Evans family this week.

Maurice Aloysius Jr., son of M&M Maurice Rihn Sr., was baptized Sunday in the St. Louis Catholic Church with Rev. Leo Goertz officiating. Miss Merlyn Tschirhart and Earl Tschirhart were sponsors.

Miss Gaye Griggs, Nelson Bippert and C. J. Krenmueller, all of the University of Texas, were in their respective homes over the weekend holidays.

M&M Sylvan Stein are the proud parents of a son, born Nov. 27, weighing 8 lbs. 10 oz. and named Larry.

A girl was born to M&M Leroy Parker Nov. 29, weighing 6 lbs. 5 oz. and named Doreen.

Girl born to M&M Federico Mareno Dec. 12, weighing 7 lbs. 4 oz. and named Nino.

Joe Jacobson visited M&M Charles V. Green Friday night.

Hilda Bippert and Mrs. Harvey Boehme visited Miss Alma Etter Sunday.

Dr. and Mrs. F. J. Dallal and sons, Frank and Joey, were in Houston over the weekend.

M&M Walter Graff of Hondo, were visiting Mrs. Mary Etter and Miss Alma Etter recently.

Coach and Mrs. Charles Koch and Diane of Poth, were dinner guests of M&M W. R. Griggs Wednesday.

Several children in the Community have the chicken pox.

M&M H. J. Kinter of Temple, were weekend visitors of M&M W. C. Evans.

Mrs. W. C. Evans is the first lady in Castroville that has killed a doe deer. Mrs. Ralph Tschirhart reports she saw and shot at a large buck.

M&M B. L. Enderle and M&M Victor Nixon, Victor Jr. and Crystal Nixon, all of Fredericksburg, were Thanksgiving visitors in the home of Rev. and Mrs. Leo Benorden and Beverly.

M&M Wilfred Tschirhart and son Bobby, and M&M Clarence Holzhaus and sons Jerry and Denny, enjoyed a turkey dinner in the home of M&M Gerald Lucky Sunday.

The St. Louis Mothers Club decided at their regular meeting to sponsor a Bingo Party at Koenig Park Hall Wednesday night, Dec. 12, to raise funds needed for the school.

The Lutheran Church is sponsoring a Children's Christmas Program Sunday, Dec. 23, at 7:30 p.m. in the Church Annex.

Paul Seeley To Speak At Devine

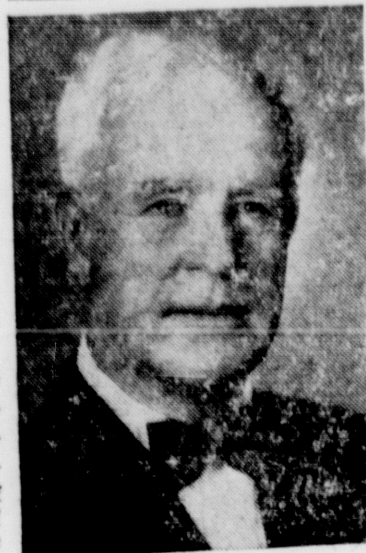

How to apply God's healing power to solve problems of everyday living will be the topic of a public lecture to be given in Devine Dec. 10, by Paul Stark Seeley of Portland, Ore.

Seeley, a member of The Christian Science Board of Lectureship, will speak in the Devine Elementary School Auditorium, under the auspices of Christian Science Society of Devine. His subject will be "Christian Science: The Open Door to Heaven". The lecture is free, and local members have invited the public to attend.

Seeley has been prominent in the Christian Science movement for many years. He has served as Associate Editor of the Christian Science religious periodicals, and as President of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. He has lectured to audiences throughout the world.

A member of the Bar in New York and Oregon, he is a graduate of Harvard Law School and Princeton University. Prior to devoting his full time to the practice of Christian Science, he was associated with an engineering firm in the Northwest.

HOLDING BACK GROWTH

Today's high, discriminatory individual income tax rates, which spiral at \$2,000 of taxable income, stifle the progress and curtail the expansion of business and of job opportunities.

They are destroying incentive and holding back the growth of many business ventures, especially the small ventures, and drying up the venture capital that is so important to our growing national economy.

Inherently fair, the American people are beginning to develop a greater realization of the almost confiscatory surtaxes, and it is certain they will let their representatives know about it when the new Congress meets next January.

Seco Wants New System Of Handling Old Notices

Editor's note: The Seco Philosopher on his Johnson grass farm is mixed up on the international scene, his letter this week indicates.

Dear editor:

Among all the things I don't know anything about, the international situation, especially the MID East, stands pretty close to the top, and while I'm not ashamed when nobody in Washington or London is ashamed and they apparently don't know much more about what's going to happen next than you or me—still I keep on trying to pick up information on it here and there, and yesterday I picked up an idea from the international field that I would like to see adopted around here.

I noticed in a newspaper which blew out of a teenager's car as it went around a corner out here on two wheels—I think his car had weak tires on one side and he was trying to protect them by making the corner on the two good ones, who says teenagers don't think ahead—where United States had sent Russia a note opposing Russia's plan to send troops into Egypt to help Nasser protect the Suez Canal, and the Russians had read the note, closed it up, and returned it marked "Unreceived."

This seemed to be customary diplomatic procedure, nobody in Washington was disturbed or surprised, and I've been wondering why we can't get up on the international plane around here and adopt this system in our communications.

For example, if a store sends me a bill for a past-due account, with maybe a firm notice at the bottom like, "This bill is past due, PAY IT," and I could seal it back up, mark it "Unreceived" and mail it back and all he could do was shrug his shoulders and say, well, he out-smarted me that time, and go on to other business, then life would sure be a lot more even-tempered around here.

Off-hand, I can think of dozens of uses this system could be put to, it would be first-rate for handling bank correspondence along in the fall of the year when notes come due, it would sure solve the medical expense problem from the patient's standpoint, would be handy in handling small matters like cafeteria bills kids bring home from school, in fact, everybody can figure out his own uses for the system, without any help from me.

If you think this international system has any possibilities, I wish you would try it out and if you get by with it, even fifty percent of the time, let me know immediately.

Yours faithfully,
J. A.

D'Hanis Footballers Honored At Banquet

D'HANIS — The D'Hanis Pep Squad was host at the annual formal football banquet honoring the 1956 D'Hanis Cowboys Saturday, Nov. 24, at 7 p.m. in the school auditorium. Sponsors were Mrs. Jack Zinsmeyer and Miss Fred Boyce.

The auditorium was a gala scene with streamers representing school colors of all the teams in the district. Batons and megaphones combined with footballs and goal posts as a motif in the decorations. A gold football emblem in a mound of purple mums formed the centerpiece on the candlelighted speakers' table, while smaller arrangements of the flowers were repeated on the smaller tables. Cowboy mannequins in the act of making a touchdown made an interesting group on the stage.

Mrs. Zinsmeyer was mistress of ceremonies, and the program, included the invocation, Rev. O. B. Kahlich; welcome, Ann Langfeld; response, Othello Batto; presentation of football sweetheart, Joe Langfeld; tokens of appreciation to Superintendent Stewart and Coach Gerhardt, Frank Ortega and to Mrs. Zinsmeyer, Miss Boyce, and Mr. Schultz; football songs, Cowgirls; Cowboy history, Patsy Turner; Cowboy puzzle, Joan Rieber; announcement of new leaders, Mrs. Zinsmeyer; benediction, Father Kahlich; school song, assembly; social hour.

The menu consisted of orange juice, baked ham, candied sweet

potatoes, green beans, stuffed celery, hot rolls and butter, iced tea and coffee, pecan pie with whipped cream.

Guests were the Cowboys, members of the school faculty, mascots and their parents and members of the board of trustees.

Castro Five Takes Win From Lytle

The Castroville basketball team came home with two victories Thursday as they downed the Lytle Pirates and Pirates. The Kats, which is the girls' team, scored 42 point, to the Pirates 29. Top scorer for the Pirates was Cappy Gramer with 23. Mary Griggs with 16 points, Mary Mangold with 3 points, Bonnie Haby, Mary Bayer and Allie Garza did a good job in keeping the Pirate score down. Jonell Ruff also displayed ability at her guard position.

Barbara Collins of Lytle, was top scorer for Lytle with 13 points. The Wildcats had a closer game with a 41 to 38 final score. Tommy Bippert was top scorer with 18 points, Dickie Fletcher made 8 points, Tommy Fletcher 6, Bob Bayer 6 and Ray Griggs 3 points.

Owls Win Regional Championship Tilt

By John H. Jennings

The Hondo Owls, with a hard blocking line, racked up Bastrop 34 to 14 for the Regional Crown in Bastrop last Friday. It was 24 games without a scoreboard defeat for Hondo and sets the stage for the Quarter Final game in Hallettsville this Friday. The Owls now have the opportunity to get another first and write something in the record book for future Owls to shoot at . . . to win the quarter-final championship, with the opportunity to go further for even greater glory.

Bastrop Scores First

Bastrop took the kick-off but had to punt. The Owls started on their 19 and were going great, getting 18 yards in three plays before Highsmith fumbled on the 34. Bastrop covered the 34 yards for the TD in 8 rushing and one 10 yard pass with 4 first downs. Perkins went over from the one.

This gave even more spark to the Owls as they started on their 10 and went 90 yards on a TD march on 16 ground plays and one incomplete pass. The two longest runs were a 15 yarder by Butch Woolls and a nine by Johnny Windrow. Hartman got 6 to the one yard line before going over on a QB sneak with 8:24 left in the half.

Bastrop tried to move after the kick-off but Billy Neuman made a diving interception on his 18. The Owls could not move and Neuman had to punt for the only time all night. The Bears wound up with minus yardage the next series and had to punt and the Owls went on the move.

Hondo started on their own 37 and five plays later took the lead for good. Neuman dropped a nice gain of a pass as he was too eager to turn down field . . . then another pass to Neuman found 23 yards gained on an interference penalty. Highsmith ran for 10, Hartman got 7 to the 23 before big Alvin found the speedy Neu-

man in the end zone for the score. The half ended at 14-7.

Woolls Runs Wild

The Owls took the second half kick-off and set up shop on their 16. Butch Woolls then began what was to be an amazing last half of football. He burst into the open and out-raced everyone for an 84 yard TD with only 30 seconds run off the clock. This made it 21 to 7.

Bastrop took the kickoff and made their last impression of the night. They started on their 22 and 78 yards later had a score. It took 8 ground plays and 2 of 5 passes good for 19 yards. Perkins went over from the one again.

Owls Get Two More

Hondo took the kickoff and went 79 yards in 8 rushing plays as Woolls went over from 18 yards out after a 15 yard holding penalty had pushed the Owls back from the Bastrop three. The big gainers were 21, 10 and 18 yards by Woolls, and 16 yard gain by quick Ray Highsmith. This made it 27 to 14.

Bastrop took the kickoff and from their 47 went to the Owl one where the determined Hondo forward wall held and took over. A "bloop" 21 yard pass completion had set the Bears up on the 10.

The Owls, from the one, started to move with the line working to clear the way. Hartman got 7 and 12, Highsmith got 5. Windrow dogged and pushed for 14 before Woolls got hoggish again. He followed good blocking to the right, got in trouble, cut to the left in the secondary and suddenly found himself in a foot race which he won going away for a 70 yard TD run! This finished the scoring at 34 to 14.

Bastrop tried to move after the kick-off. Tilley and Potsavich stopped the ball carrier for no gain, then Tilley knocked down a pass — Neuman knocked down the next one too — forcing a last half.

punt. The Owls, with their line making the room, started from their 30 and were on their way. They drove to the 4 and with 42 seconds left, Highsmith fumbled to end the threat.

Superior Line Play

It was a matter of superior line play as the forward wall manhandled whoever was in front of them. It all made up a combination that was simply too much for Bastrop.

Scoring Summary

1. Bastrop's Perkins — 1 yard (34 yd. drive after Owls fumbled)
2. Hartman — 1 yard (71 yds. in 9 plays)
3. Hartman to Neuman pass for 23 yards (63 yd. drive in 5 plays)
4. Woolls — 84 yard run.
5. Perkins — 1 yard (78 yd. drive)
6. Woolls — 18 yard run (79 yard drive in 8 plays)
7. Woolls — 70 yard run (99 yard drive in 6 plays)
8. Windrow got 4 of 5 conversions.

The Written Word Is Relic

A written word is the choice of relics. It is something at once more intimate with us and more universal than any other work of art. It is the work of art nearest to life itself. It may be translated into every language, and not only be read but actually breathed from all human lips; not be represented on canvas or in marble only, but be carved out of the breath of life itself. The symbol of an ancient man's thought becomes a modern man's speech. Two thousand summer have imparted to the monuments of Grecian literature, as to her marbles, only a mature golden and autumnal tint, for they have carried their own serene and celestial atmosphere into all lands to protect them against the corrosion of time. Books are the treasured wealth of the world and the fit inheritance of generations and nations. Books, the oldest and the best, stand naturally and rightfully on the shelves of ever cottage. They have no cause of their own to plead, but while they enlighten and

sustain the reader his common sense will not refuse them. That age will be rich indeed when those relics which we call Classics, and the still older and more than classic but even less known Scriptures of the nations, shall have still further accumulated, when the vaticans shall be filled with Vedas and Zendavestas and Bibles, with Homers and Dantes and Shakespeares and all the centuries to come shall have successively deposited their trophies in the forms of the world. By such a pile we may hope to scale heaven at last. Most men have learned to read to serve a paltry convenience, as they have learned to cipher in order to keep accounts and not be cheated in trade; but of reading as a noble intellectual exercise they know little or nothing; yet this only is reading, in a high sense, not that which lulls us as a luxury and suffers the nobler faculties to sleep the while, but what we have to stand on tip-toe to read and devote our most alert and wakeful hours to.

Senator Borah Was Wrong

In an earlier era, it seems clear, the advocates of the federal income tax had no conception of the extent to which it would grow—and the tremendous portion it would take from the earnings of the people.

In defending this tax, the late Senator Borah once said: "The great honored lawyer, Joseph Choate, denounced such a tax as socialistic. He said that if you can levy a tax of two per cent, you may pay a tax of fifty per cent or a hundred per cent."

"Whose equity, sense of fairness, of justice, of patriotism, does he question?"

"We the representative of the American people—not only that, but the intelligence, the fairness, the jus-

tice of the people themselves, to whom their representatives are always answerable."

Senator Borah was a famous and able man, but in this case he could hardly have been more wrong. An income tax of 50 per cent now applies at levels which are far from great wealth. And in the top bracket the tax is 91 per cent—only nine per cent short of the total expropriation that Joseph Choate feared.

Moreover, even in relatively modest bracket, the tax collector hits very hard. Taxes, direct and indirect, account for about one-third of a \$7,500 annual income. And a man earning \$85 a week works more hours to pay his taxes than to pay for his food and clothing combined.

Pattern For Community Growth

Power companies, railroads, large industries and other agencies interested in industrial development have been working on plans to provide more practical and convenient areas for factory locations, home building sites, shopping centers, and school facilities outside congested city centers.

This progressive planning is going on all over the country. One of the latest to be announced is that of the Union Pacific Railroad Company on a project of several hundred acres on

the outskirts of Portland, Oregon.

According to the company there is a growing need for this type of high-class, close-in development suitable for industries whose investments and payrolls have a tremendous effect on the economic health of the community.

Thus, does a large industry make possible the development of a hundred smaller industries—one can't exist without the other. This is the private enterprise way of building the nation.

HANDICAPPING THE HUNTING DOG

Fletcher Davis

QUOTES JOHN F. FLYNN
ON THE FOREIGN AID
PLAN

(Editor's Note: John T. Flynn is a noted author, lecturer and radio commentator.)

Once upon a time our old Uncle Sam collected a couple of billion dollars from us in taxes every year and spent it to provide his citizens with certain services which he was authorized to perform under the Constitution. Save during our various wars, our thrifty old Uncle managed to stay close to paying his bills every year. It was not very difficult to do. The federal government was set up to defend us against foreign enemies and to perform a very few number of services as clearly defined by the Constitution.

But then Uncle began putting his hands in our pockets to take from us in taxes and borrowing fantastic sums to spend all over the world. How fantastic his operation has become can be seen from the following: From the beginning of our government in 1789 up to 1919 — a period of 130 years — the total cost of the federal government was 64 billion dollars. This included the cost of all our wars up to that time — the War of 1812, Civil War, Spanish-American War and World War I. But in the single year 1955 our government spent the same sum — 64 billion dollars!

This republic was set up to defend

the people of the United States. But our government has been pouring out billions to our so-called "Friends" all over the globe. What do these countries do with our handouts? We gave a cool billion to Marshal Tito of Communist Yugoslavia, in return for which he recently made his peace with the Kremlin. We have given some 400 million to little Israel and over 500 million to Nehru, the overlord of India who despises us.

There was the Marshall Plan to aid the war-devastated countries in Europe. The War ended 11 years ago. But the Marshall Plan, under many different names, goes marching on. As a result, we are taxed to the hilt and have a national debt besides of over 270 billion dollars. But we give little Norway \$300,000,000 which she uses to reduce her national debt and we hand \$100,000,000 to Denmark to pay her debts. We've given Great Britain over seven billion dollars. France — where the largest single party in the French Assembly is the Communist Party — has gotten over six billion.

We gave money to Portugal to build a six-lane highway to connect its capital with a famous gambling resort. We've provided dress suits for Grecian undertakers, and public baths for Egyptian camel drivers. We've bought iceboxes — believe it or not — for the Eskimos. We gave a billion dollars to a government in Indo-China. And what happened? It threw itself into the hands of the Reds. We built a college in Ethiopia, and paid for airplane rides for Arabs to visit their religious shrine at Mecca.

How long is this going to continue? Our generous handout chiefs in Washington assure us we must keep this up for at least another ten years. The immensity of these transactions is such that it is difficult to grasp them. Here is a figure which may help. Since the end of World War II we have given away in foreign handouts 55 billion dollars. That is only eight billion dollars less than it cost to run the entire United States government in 130 years from 1789 to 1919, including four major wars. And a dispatch from Washington as I write informs us that the delivery of goods and money to our "friends" abroad has increased or the first time since the Korean War. Our government made loans and gifts to various countries last year of \$5,109,000,000. This is almost as much as the total cost of government before we set out to save the "free world" — including Russia.

Perhaps one of the strangest facts in this whole wild spending spree is this. When World War II ended our federal spending dropped from 98 billion to 33 billion. Of course when we got into the Korean War the costs went up again. But that war ended over three years ago. Yet here we are in 1954, 1955 and 1956 spending twice as much as we did in 1948.

Of course, all this squandering of our substance all over the world has provided a paradise for whatever bunch of politicians happen to have their hands in the Treasury. But for the rest of us, a continuation of this policy means nation bankruptcy.

This Week

--In Washington

By Clinton Davidson

Some two million farmers will go to the polls next week in a referendum that will indicate how they feel about the Administration's farm program for 1957.

Growers of cotton, corn, rice and peanuts will vote Dec. 11 on production control and price support proposals advanced by Secretary of Agriculture Ezra Taft Benson shortly after the Presidential election.

This will be farmers' first opportunity to give a direct answer to the question of whether they want the Benson program continued through next year. They will not, however, have an opportunity to choose between flexible and rigid price supports.

In most instances the choice will be between what Benson offers and next to nothing in the way of government price help.

There is little doubt here about the outcome of the referendum for cotton, rice and peanut growers. If growers want supports at between 75 per cent and 90 per cent of parity continued, they must agree to hold down plantings to about the same amount as in 1956. Otherwise supports would be reduced to 50 per cent of parity.

About the only difference between next year and the years prior to 1956 is that price supports will not be as high if two-thirds of the growers vote to continue acreage allotments and marketing quotas.

Cotton and rice growers will vote on a one-year extension of the present program, but peanut growers will vote on a proposal to continue controls for three more years.

Corn growers will have a more complicated choice. Farmers in the 894 Commercial Corn counties will choose allotment program, and a continuation of the base acreage program put into effect this year by direct order of the Secretary.

If two-thirds of those voting favor use of the base acreage program, then all corn grown on the base acreage of each farm will be supported at \$1.31 a bushel next year. The total "base" in the Commercial Corn area is about 51 million acres.

But, in order to get supports, each farmer must agree — under the base acreage program — to put 15 per cent of his corn base into the acreage reserve for one year, or an equal amount of his other crop land into the conservation reserve for at least three years.

If more than one-third of the voters prefer a return to the corn allotment program, the 1957 support rate will be \$1.36 a bushel to all "cooperators." The allotment for each farm would be about 25 per cent fewer acres than under the base acreage program. The USDA has no plans to support corn prices for farmers who do not comply with the acreage limitation of whichever program is in effect.

LETTER TO THE EDITOR

Dear Sir:

Heartiest congratulations on Hondo's success last night! We hope you will go straight through to the top!

We are sorry you didn't get in earlier, so that we might have had the pleasure of meeting you ourselves. However, our son, who covered the game for us, was glad to have had that opportunity.

Just now, we are very much concerned over the death of the owl mascot, and so far this morning, have been unable to learn any of the particulars. We are very much afraid that its death was caused by some of our students, and to have had such a thing happen is deplorable. If you can determine for us exactly what happened, including everything you can find out, we will greatly appreciate it. We are not sure as yet exactly what we can do about it, but we assure you, and will appreciate your assurance of the Hondo team, that we will do everything we can. Of course we can't bring their owl back, but perhaps we can make some thoughtful student — if such are to blame — wish they had never heard of a mascot!

In the meantime, please accept our apologies for such an occurrence.

Cordially yours,

PERSONAL APPEARANCE

By Jerry June Berger

Official coverage of the annual Chamber of Commerce banquet appears on page one, but we'll devote part of our space this week to a woman's-eye-view of the affair.

Don't know when we've encountered a more gracious doorman than was COFC director FABIAN GARRISON. Fact is, the entire board of directors made a fine looking welcoming committee. And did you notice that snazzy looking shirt that outgoing president PAUL BYBEE was wearing? It was a white number with tiny red polka dots and set off just right by a red tie.

NONNIE JENNINGS had ANNE DAVIS stand up to show off her pretty blue velour hat, but we think someone should also have called attention to the hat for which NONNIE footed the bill — we refer to the sequined pink cream puff hat, OLGA, was wearing. It was almost as cute as the gal under it.

Perhaps we were wearing our feelings on our sleeve but we re-represented JUDGE ROBERT LEE BOBBITT's reference to newspapers. His remark, "And with due respect to your local Anvil, we'd like to state that newspapers like to start rows."

That simply is not so. Some politicians do not like newspapers because they frequently find themselves accurately quoted in black and white and it's mighty easy to say the newspaper misquoted him. To borrow a phrase from the JUDGE we would like to say, "And with due respect to some Judges, there are quite a number of them who do not know when to stop talking."

The JUDGE made his remark in reference to the water situation in our southwest Texas area. We would like to remind the

honorable JUDGE that five of our neighboring counties, without any "rows" from newspapers, have already voted wholeheartedly to stay out of the water district he was advocating.

We admit there are some unscrupulous characters in the journalism field who are a disgrace to the profession. So are there in every field of endeavor. Fact is, we'd be willing to bet there are a lot more in the field of politics than most any business or profession one could name.

Had it not been for newspapers, the insurance and land scandals might still be under cover — and it was principally lawyers and legislators who created those two big messes.

But pardon us now while we go on about our job of reporting the news and quoting public speakers. This is one "row" that JUDGE BOBBITT started.

Seco Discusses City Debt, Presents Some New Ideas

Editor's note: The Seco Philosopher on his Johnson grass farm won't get anywhere with his idea this week, and we want it understood it his idea, not ours.

Dear editor:

People are always talking about the national debt, how the country is spending more per year now than it did in all the time from George Washington to the turn of the century, but nobody says much about the city debt.

Yet the other day I noticed in a copy of a newspaper which turned up in my mail box, it was as easy as that, no hunting for it, no pulling it off a barbwire fence, that the debts of cities in the U. S. are now at an all-time high and going higher. That is, they would go higher if the cities could figure out how to do it.

Nearly any city or town you can name is strapped for more revenue, they all need more paved streets, the streets they've got need fixing, they need new water mains, or a new city hall or a new jail or a new fire truck or more clerks, and there's no end in sight for more spending.

But I have hit on an idea. I've noticed that there's a big controversy in lots of places over the right of a city to annex new

territory. Some cities have taken in territory so fast it takes a permanent crew just to mark off the new city limits.

And I have been thinking. The bigger a city gets, the more money it's gonna take to operate it, and the harder-pressed its citizens are gonna be.

So, the only solution for the city people is for the country people to come to their rescue. If a city can annex the country, why can't the country annex the city? The only way to solve some big cities' problems is to return them to the country. As I understand it, all it takes in most cases for a city to take in more area is a vote of the city people.

Consequently, I am proposing that you get the State Legislature to pass a law allowing the country people to take in city areas, by a vote of the country people only.

This is the only way I can see to save the city people from going further in debt, and the way it looks to me, Washington needs all the debt-capacity of the people, without having it chipped away by all the other cities in the 48 states.

If you think this idea has any merit, it'll surprise me. Yours faithfully, J. A.

HIGHLIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

AUSTIN, Tex. — Texas' new rulers, who take over state government in January, face the holiday season with visions of tax dollars dancing through their heads.

Gov. Elbert Price Daniel of Liberty already has set up unofficial headquarters in Austin. So has Rep. Waggoner Carr of Lubbock, unopposed candidate for Speaker of the House.

They will be in almost continuous conference with incoming legislators the next few weeks, plotting to smooth the way for a big start in January.

Their problem parallels the member dilemma of most states — how to buy everything Santa promised without upsetting the budget. Campaign promises, constitutional amendments voted by the people and increased money requests from state departments threaten to do just that.

Earlier Gov. Allan Shivers had predicted a \$50,000,000 surplus for the next biennium with no need for new taxes. State Comptroller Robert S. Calvert said he could foresee only a \$25,000,000 to \$30,000,000 surplus.

But outgoing House Speaker Dan Lindsey took a flat "there ain't no Santa Claus" attitude. Texas' growing population means spiraling expenditures, said Lindsey.

Amendments giving increased teacher retirement and aid to the disabled will add some \$12,000,000 to the state budget, he noted. Lindsey pegged estimated revenue for the next two years at \$24,000,000, appropriation requests at \$36,000,000. Result: some 25 per cent would have to be financed with new taxes.

Auto Insurance
Texans may enjoy lower automobile insurance rates and lower costs in other lines of casualty insurance if the Texas 1957 Legislature adopts a proposed flexible rate system. The state currently

has a single rate plan — all companies charge the same on casualty insurance.

A Texas Casualty and Surety Legislative Study Committee, named by 40 Texas insurance companies, has recommended that the single rate plan be abolished and a flexible plan, such as used in other states, be adopted.

Says Bob Hilton, study committee chairman: "Many companies are willing and able to charge lower rates and would be permitted to do so under a flexible rating plan which throws insurance charges open to competition and allows a company to set its rates at the lowest level consistent with sound operations."

Inauguration Work Begun
James P. Nash heads the group of Austinites already at work on 1957 inauguration festivities.

Other leaders are E. R. L. Wroe Jr., vice chairman; E. C. Bartholomew, secretary; Robert M. Kinnan, treasurer; Ed Clark, acting treasurer.

With \$1,241 left over from last inauguration, the committee needs to raise some \$14,000 more to carry out in style its traditional role of "host to the state." Invitations by the thousands, a parade, receptions and several balls are part of the bi-annual splurge.

Building Contracts Let
Contracts totaling \$2,099,651 have been awarded for construction of a new state Courts Building.

This figure includes everything but the architects' fees and interior finishing, according to the State Building Commission. These are expected to run the total cost up to \$2,895,943.

Insurance Chairman Resigns
J. Byron Saunders, chairman of the State Board of Insurance Commissioners, has resigned effective Jan. 1.

Saunders is to become vice

president and general counsel for Republic National Life Insurance Co. in Dallas. He has been commission chairman since the resignation of Garland Smith last January.

Saunders instituted an industry-wide solvency check of insurance companies to "weed out the bad apples." He was praised by Gov. Allan Shivers for "stepping in when the board was under fire" and for securing stronger laws and supervision.

Lowry Conviction Reversed
Court of Criminal Appeals has reversed the conviction of Leslie Lowry for perjury in a statement to the Insurance Commission.

Lowry, former Beaumont mayor, was given a seven-year sentence by an Austin district court. He was accused of making a false affidavit about the financial condition of the now-defunct Texas Fire Insurance Company. But a defense witness, a former notary, testified he did not administer an oath to Lowry when the affidavit was signed.

Reversal of the Lowry conviction threw a cloud over perjury indictments pending against three other officials of the same company. Travis County's District Attorney Les Procter said he will file a motion for re-hearing.

Women Jurors Applauded
Use of women jurors may have a wholesome effect on our court procedures, says a Supreme Court Justice.

Judge W. St. John Garwood thinks presence of women "will probably result in more cleanliness, order, restraint and dignity."

Judge Garwood also noted "increasing criticism" of jury trials in civil cases. Mounting volume and complexity of civil litigation makes the system more and more cumbersome, he said. This,

he suggested, plus "declining popular fear of judges as arbitrary or corruptible" may pave the way for reform.

Health Outlook Brighter

An infant's chance of survival has increased many fold in Texas in the past two decades.

Infant death rates have dropped from 71 to 30 per thousand since 1936, according to the State Department of Health. In the same period maternal deaths and stillbirths have plummeted from 3.9 to 0.5 per thousand so far this year.

Even greater improvements are predicted by the department as higher health standards become commonplace.

Short Snorrs

Dry northerners are offsetting the effects of early fall rains in most of Texas, says the Texas Agricultural Service. Low temperatures and heavy frosts were also cited as damaging winter crops.

Texas will have nearly three million jobholders during December, predicts the Texas Employment Commission. Additional holiday help in stores and post offices already has brought the seasonal upswing to 2,930,000, a new record.

Texas will be entitled to two more congressmen after the 1960 census, according to unofficial population estimates. This would give Texas 21 representatives.

School for the Deaf, delayed in its fall opening by a \$2,500,000 construction program, was scheduled to begin classes Monday. A six-day week and one-day Christmas holiday faces the 461 students in payment for their extra "vacation." Texas Supreme Court has set for Jan. 2 hearing on the state's case against U. S. Rural Electric Cooperative. Decision is expected to define cooperatives' right to sell power in an area annexed by a city.

Red Cross Will Accept Contributions

Hungary's tragic suffering has caused every American to want to send some kind of help. This help has gone from the American Red Cross, which has joined other Red Cross societies throughout the world in rushing medical supplies, food, blankets, and other necessities to Hungary.

The Medina County Chapter does not plan to make a drive for this purpose, but will accept contributions of cash or checks to be sent to Hungarian citizens. Contributions may be mailed to Mrs. Jo Wood, treasurer, Medina County Chapter, American Red Cross at Hondo. Or, contributions will be accepted by Joy L. Tilley, chairman of the local ARC Chapter, Devine.

Deer Park Whips Devine 46-14

San Antonio Light

The "Fabulous Deer," as they are known in east Texas, made the trek back to Deer Park Friday after coming through their forty-second consecutive football game without a defeat, rolling past Devine, 46-14, here Thursday night.

A throng of 3,200 watched Deer Park score in every quarter to win the Class AA regional championship in the second round of the state playoffs.

The Deer will meet the winner of the Hebbronville-Sinton game in the quarter-finals. Deer Park's string of victories is one of the longest in Texas schoolboy history. The Bucks have won the State Championship in their class the past two years. A tie with Needville in 1955 is the only blot in their last 42 outings.

Deer Ace Hurt

Deer Park's coach, Travis "Shorty" Hughes, said he would know more about the Deer's chances in the quarter-finals after reviewing scouting reports of Friday's game. He added:

"We looked good, I believe Clarence Shinn suffered a wrenched knee. His loss would hurt us."

Shinn, a regular halfback, was helped off the field early in the second quarter.

Coach Jerome Davis of Devine praised the efforts of the Warhorses and summed up Deer Park with:

"They certainly have a wonderful football team."

Devine ended the season unbeaten in District 28-AA play and with an 8-4 season record.

Espinoza Stars

Victor Espinoza, 175-pound junior halfback, sparked the Deer Park ground offense which ate up 301 yards.

Espinoza plunged over the middle for a 10-yard TD in the second period and scampered 93 yards to a touchdown with an intercepted pass in the third stanza. In all he averaged seven yards per carry on 15 runs for a total of 105 yards. Espinoza booted all four of his team's extra points.

George Black and Bradford Bush were heroes in defeat for Devine.

Sharp Passing

Black, a halfback, scored both Warhorse touchdowns. He took a pass from Shaw from 15 yards out in the third quarter and smashed four yards to pay dirt in the last period.

C. D. Shaw kept the drive going for the final Warhorse 6-pointer with three straight completions to J. E. Dubose for 20 and 15, and to Fullback Dale Fell for 17 yards.

Bush, a tall end, showed all-state potential by snagging six Shaw passes for 154 yards. He also did all the Devine punting, kicked both extra points and was the only bright spot in the Warhawk defense.

The game also featured an aerial duel between Deer Park's

Steve Stephenson and Devine's C. D. Shaw.

Stephenson passed for both first quarter touchdowns hitting William Henderson for 5 yards and Shinn for 40, and tossed for a TD to John Henderson for 31 yards in the second period.

Shaw completed 12 of 34 attempts for 217 yards but six passes were intercepted.

Deer Park Throws

Deer Park scored twice in the second period. The Deer drove 66 yards in six plays with Espinoza getting the last 10 yards. The Stephenson-to-John Henderson pass provided the other tally.

Deer Park scored twice in the last quarter when William Henderson went 13 yards off tackle and Rex Gibson blasted left guard from the one. Gibson's TD was set up by a 33-yard heave from Roy Harman to Charles Robertson.

Hondo PTA To Divide All Proceeds

Members of the Hondo Elementary Parent-Teacher Association voted to divide the Halloween Carnival money equally among the classes and allow each teacher to purchase the most needed books or equipment for the students. This was done at the November meeting held last Tuesday night in the elementary auditorium.

Mrs. Paul Bybee, carnival chairman, reported that approximately \$900 had been netted on the affair.

Seventh graders under the direction of Miss Mary Wiemers presented a brief Thanksgiving program. Her class also won the room count and will receive a book.

Mrs. W. T. Hardy, president, reminded the membership that no meeting would be held in December and that the January meeting would be Fathers Night.

Here in Hondo

Mrs. Johnnie Marvin Marshall and children have returned to Austin after a ten-day visit with her mother, Mrs. Marguerite Murrill.

Dr. and Mrs. Joe Mims, Susan, Kathy, Pat, Joe and Peggy drove to Hereford for Thanksgiving and a visit with Dr. Trow Mims. They returned by way of Lubbock where they visited friends while their car was undergoing some repairs. They arrived back in Hondo Monday night.

SPEAKING OF SPORTS

By Dr. John H. Jennings

The Owls maintained their 34 points per game average and held Bastrop to 14 to bring home the Regional Crown and get their 24th game without a scoreboard defeat. Hallettsville is host to the Quarter Final Championship. Hondo needs this win to stamp them as the winning team in Owl History. It's worth getting fired up over!

Everyone Played Steady

The Owls may not have been worked up like the Pearsall frenzy, but they certainly played hard and with the proper winning attitude. It was not a spotty performance with just individual stars, though Woolls did turn rabbit, but EACH boy played good, hard and smart football.

We do not want to wear out the phrase, but it was a well working TEAM Friday. The line was extra sharp all the way across from Bohmfalk, Koch, Tilley, Wiemers, Reus, Schweers and Neuman. They charged hard and blocked well, and the backs (ALL of them) were equally determined. It's the way it HAS to be this week against Hallettsville, if there is to be a NEXT week!

The Backfield

Butch Woolls sorta stole the show as he had three long TD runs of 84, 18 and 70, as he continues to improve. The Little Bull is definitely the "Shifty One" now and a profitable change-over it is. For the season, Woolls has a 9.5 average as he has carried 159 times for 1,523 yards.

Alvin Hartman called himself a good ball game as his mates made everything work. Alvin came through with a perfect TD toss to Hustling Billy Neuman. It was his 13th TD pass of the year, with Neuman getting eight of them! Alvin has 47 completions of 96 passes for 1,001 yards. That gives a 21.1 yard average per completion. In the rushing league he rates high too, with 636 yards in 102 carries for a 6.2 average.

Rambling Ray Highsmith came through with a fine ball game and he was used more as a ball carrier than anytime since the Carrizo game. His 16 carries were high for backs. Woolls was next with 13. It was good to see Ray return to form, his very best is needed if the Owls are to keep going. Highsmith now has 807 yards in 142 carries for a 5.7 season average.

Johnny Windrow also put in an impressive night. He was run-

ning with the idea that this IS real important football and yards just had to be made. It's the kind of attitude one has to have now. It was one of Johnny's best games at fullback, and Tilley, Wiemers and Reus were pushing to let their FB through. Windrow now has 458 yards in 90 carries for a good 5.1 average.

All this makes for a good situation, as each back has a 5 yard average or better. Not many teams can boast of such a record, and bless the boys up front for making it possible.

Other Comments

Tackle Tommy Koch got in a lot of defensive action for the first time since the Sabinal game. Tommy is a real fine boy and if he can be used full time, then hallelujah, Koch, because of his knee, has had to miss out on the defensive fun. I know he will be anxious to do all he can now as he closes out his career.

Like we have said, the entire line had a good night. It would be hard to single out anyone. BUT I thought Tilley definitely played one of his better games. Alvin Hartman did an outstanding job from his defensive end position. We have several notes on our play-by-play sheet of Hartman rushing the passer.

For instance, when Neuman made the game's only interception, it was Hartman all over the passer. In the third quarter, we had the same note by two incomplete Bastrop passes.

Bastrop's Charles Perkins was a real fine boy and no doubt about it. Had he had the Owl line for the night, oh my! The Owls just gave him a bruising evening.

The Owl defense of the "strange" Bastrop double wing just didn't happen by accident. The Coaches figured long and hard on the defensive pattern and the boys did a good job of carrying out instructions.

Bastrop had their rushing total cut to 109 as they had six plays with minus yardage amounting to 56.

Bastrop Wonderful Host

Bastrop rolled out the welcome mat for Hondo. They were very nice and hospitable. The injured Owl mascot incident was unfortunate, but officials in Bastrop called J. G. Barry Sunday and stated that they had \$100 pledged to run down the Owl "killer". How about that? However, the Owl is okay, and according to Frank Holden is as "mean" as ever.

To Hallettsville for Quarter-Final
This week, Hondo fans will again travel in mass formation. A lot of fans made the trip to Bastrop. At least 750-800 of them! How's that for backing the Owls?

The Hallettsville tickets, 450 of them, went on sale Tuesday morning and by 10 a.m. were about all gone. Officials received 200 additional tickets Wednesday. A number of stores will close at 4 p.m. and at least one bus has been chartered.

Superintendent Barry is definitely running in bad luck on his flips for game sites. A number of years ago he was the luckiest "flipper" in Texas, but in the past few years the "equalizer" has been set in. You might even say he has "flipped"! Personally, I'm just happy we have the chance to flip at all. The Owl Tri-Captains have been "flip" losers all year too, winning only 2 of 12 coin tosses. It's just our year in this department, but we're doing all right otherwise.

Reports vary as to the condition of the Hallettsville football field, but indications point to the unfavorable side. The stands seat only 1,200 people, about like one side of Barry Field, but they are getting temporary, or rodeo style bleachers, for the game.

Run Down On Hallettsville

Out of town reports from separate areas tell one thing for sure. We can expect a pretty rough ball game. Hallettsville does not play the game to make friends, and everyone will have to be on guard to keep tempers under control.

They have a fine season record of 11-1. Their one loss was to Wiemar 20 to 7. In Bi-District play, they defeated a fine undefeated George West team 27 to 14 and last week beat Bishop 28 to 20. So it would appear that the Owls will have to make their 5 TD average this week to win. Hallettsville has scored 330 points to 93 for opponents. Hondo has 409 points to 104 for the opposition.

The Brahmas run from the "T" and appear to have a fine hard running FB in David Muska at 170 lbs. and still another report has the two halfbacks as the best runners - Wallace Jones, 150 lbs., and Jimmy Vachula, 140 lbs. Koehn, at tackle, is supposed to be a good boy too.

In the George West game, Hallettsville completed 10 of 13 passes, which should give our secondary a lot to think about, and should be enough to inspire the line to rush the passer for all they are worth.

The Hallettsville backfield average is 154, line 166, team 162 lbs. The Hondo backfield, line and team average is 175 lbs.

We cannot be playing part time football now. It HAS to be all out ALL the time.

About The State Race
The Class "A" race has now boiled down to 8 teams, from approximately 150 teams, so this HAS TO be the cream of the crop now.

The Hondo-Hallettsville winner will play the Mart (11-1, 276-78) vs. Humble (10-2, 327-105) winner for the Semi-Final Championship.

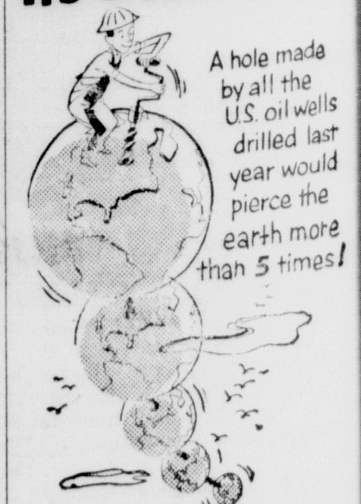

In the other bracket a finalist will come from Eastland (9-3, 388-137) vs. Linden (8-4, 286-93) or Stinnett (12-0, 454-84) vs. Merkel (11-1, 530-150).

The Stinnett-Merkel game this week will surely furnish a finalist. Stinnett has been a favorite all year but from what I hear, Merkel has a very strong, well balanced club and it would not surprise me too much if Merkel defeated Stinnett this week. If Stinnett is good enough to beat Merkel, then somebody is going to have to play SOME ball to take the State Crown! We hope Hondo has that chance.

Only eight teams in the entire state, of all Classifications, are undefeated - with Hondo and Stinnett the only ones left in Class A.

If Hondo is fortunate enough to go further in the play-offs, then the game or games will more than likely be played on a Saturday.

"COMPLETE HOME FURNISHINGS"

Mrs. Albert Neuman Buried In Oakwood

By FLETCHER DAVIS

Mrs. Albert L. Neuman, nee Emma Wantz, passed away at Medina Hospital in Hondo on Nov. 26, 1956, the culmination of several years ill health. Funeral services were held at the Harger Funeral Home at 3 p.m. Nov. 28, with Rev. Harold Goodenough, Pastor of the local Methodist Church, conducting the brief and touching service. Interment was made in Oakwood Cemetery, in the presence of a large concourse of sorrowing relatives and friends. Pallbearers were A. F. Jackson, Robert Cosgrove, Ernest Muennink, Arnold Lindeburg, Rolf Saathoff and Fritz A. Martin.

A native of Medina County, Mrs. Neuman was a descendant of early pioneer stock. Her father was the late pioneer and Indian fighter, Xavier Wantz, and her mother was Rosa Martin. Born on their farm a few miles north of Hondo, on Sept. 19, 1882, she grew to beautiful young womanhood there, and on Sept. 3, 1903, was happily married to a neighbor boy, Albert L. Neuman, who, with their two daughters, survives her. The couple recently passed the half-century mark and celebrated their Golden Wedding Anniversary in September, 1953. Mrs. Neuman had attained the age of 74 years, two months and seven days at the time of her death.

Mr. and Mrs. Neuman were blessed with three children, a son and two daughters. The daughters are Frances, now Mrs. Roy Pfeil of Hondo, and Rose, now Mrs. A. M. Foster of San Antonio. Their deepest sorrow was the untimely death of the only son and brother, Elmer V. Neuman, who died on Dec. 29, 1942, in the prime of his young manhood.

Mr. and Mrs. Neuman lived in Hondo following their marriage until 1929 when they moved to Uvalde and resided there for one year. From there, they moved to Lytle in 1931 and resided there until 1938. Moving from there to Utopia in 1938, they lived there until 1946, when they purchased the family's present home on Verde Creek, some five miles northeast of Hondo where they have since resided.

Beloved by friends and neighbors where they grew up, they were equally fortunate in winning friends wherever their lot was cast in later life. This was evidenced by the many friends from far and near who attended the last sad rites.

It's a Whiz at Everything a car should do

It turns out that the 1957 Buick is far more than just a brand-new automobile.

It turns out that this stunningly low-styled beauty is a wonderful new whiz at everything a car should do.

It turns out that this new '57 Buick is winning the raves with a new kind of going and a new kind of stopping—a new kind of handling and a new kind of road sureness—a new kind of safety and a new kind of comfort.

We'll be specific.

When you press the pedal of a new '57 Buick, the response is literally instant...

Because the high-torque power of a new 364-cubic-inch V8 engine is delivered in the split of a second through a new full-range Variable Pitch Dynaflo* that's immediate in its oil-smooth action.

When you brake to a stop, you and the car stay on a level plane...

Because an ingenious new ball-joint suspension in every '57 Buick virtually ends the down-in-front dip that cars have on sudden stops.

When you take a turn or swing into an "S" curve, you still hug the road like a streamliner on rails—

Because under you is a massive wide-frame new chassis that "nests" the whole car inches closer to the road with the lowest center of gravity in Buick history—yet with no change in road clearance.

And when you sit in the deep comfort of those soft seats, you can drive with the pleasant ease of a clear conscience, without watching the speedometer...

Because only in Buick today can you

have an ingenious new Safety-Minder* that acts as a warning sentinel for the miles-per-hour you preset for yourself.

There are many other new things that make this gorgeous Buick a car of limitless wonders—from the bigger and more rakish windshield that makes seeing more relieving, to the extra roominess that's so surprising in this beauty with the sports-car lowness.

But there's nothing like a firsthand sampling to know how modern the newest thing on wheels really is. Come in today for your meeting with the newest Buick yet.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster, optional other Series.

Texas Beef Council Sets 'Beef Week'

The Texas Beef Council announces that the week of Dec. 2-8 has been designated as BEEF WEEK IN TEXAS. Observance of this occasion has been carried out for a number of years and during this time an increased amount of beef has been consumed over the nation.

Feed containing a good source of vitamin A should be provided this winter for cattle on drought-stricken pastures. Such feeds as cottonseed meal and hulls, sorghum grain, dry sorghum bundles, prairie hay and weathered Johnson grass hay contain little or none of this vitally needed vitamin. One to four pounds of alfalfa hay daily will provide a minimum supply of this vitamin. Green grazing is another good source of supply.

Put leaves to work which are now falling and cluttering yards and gardens. M. K. Thornton, Extension Agricultural Chemist, suggests placing them in compost piles. Compost can be used to boost next year's flower and vegetable gardens. Compost is valuable for adding organic matter to the soil, for improving the soil tilth and increasing its water holding capacity and also for mulching shrubs, flowers and vegetable plants.

Federal-State research over the years has shown that the ability of some animals to put on or maintain body weight on less feed than is required by other animals of their breed is an inheritable quality. These findings, says L. A. Maddox, Jr. extension animal husbandryman, point to possibilities for increasing profit in livestock production by breeding animals that use feed more efficiently than present day commercial types.

In beef cattle, for instance, research by the U. S. Department of Agriculture at Beltsville, Md., and Miles City, Mont., has established the fact that rate of gain is a highly inheritable trait. In lines selected especially for ability to produce meat efficiently, steers put on 2½ pounds a day on the same feed that gives a gain of only 2 pounds in standard commercial strains. And these animals reach market finish with standard weight and carcass quality. Some unusual ani-

mals in test lots gain as much as three pounds a day, and research workers are sure that they can get these gains in the type and kind of beef cattle that breeders and markets prefer.

Comparison of research results indicates that breeding for feed efficiency can be applied profitably to all types of livestock production. Since feed represents the highest single production cost anything which can be done to cut feed costs means more money in the stockman's pocket, says Maddox.

Doe Season Opens In Four Counties

Texas antlerless deer season opened in four counties Dec. 1. The hunt for does, "nubbin" bucks or older bucks who have shed their horns, all classed as antlerless deer, is being held in Gillespie, Mason, Llano and Medina counties from Dec. 1 through Dec. 15.

If the hunt continues a trend of recent years, it will bring out many hunters who normally do not engage in buck hunting, including persons who want a more reasonable lease than customary for big game hunting. Many children, women and older persons join the hunt as do handicapped persons who might not have too much luck finding the more alert buck deer.

The Texas Game and Fish Commission issued metal tags to landowners whose acreage has more deer than the commission feels can live on the land. These were issued in turn by the landowners to the prospective hunters at an agreed fee, usually running from \$10 to \$25. The hunter needs a regular Texas hunting license.

Haby Settlement Founded After Henry Castro Landed In 1850

By Mrs. Clarence Huegele
(Editor's Note: Many names of children had to be omitted from this story due to space limitations.)
Haby Settlement's oldest living citizen, Mrs. Helen Ahr, 87, has given the Anvil Herald a brief history of the Development of that part of the county.
Mrs. Ahr was born Aug. 18, 1869, at the Haby Settlement. Born Helen Haby, she is a member of the St. Louis Catholic Church. She attended school in the Haby Settlement and also at Castroville.
Mrs. Ahr's parents, Frank and Catherine Haby, came over with some of Henry Castro's colonists in 1850 from Alace-Lorraine. Nicolas Haby, a brother to Frank, ac-

companied the group of pioneers over. In 1851, Frank went to Galveston to meet two other brothers who came over from Alsace-Lorraine, after being discharged from the army there. Their names were Jacob and George Haby.
Three of the brothers were married on the same day—Nicolas married to Teresa Bishop, with no children; George married to Mary Beck, eight children with none surviving; and Frank married to Catherine Koenig, with nine children being born to the couple.
The three families lived together in a small log house built by Andrew Haby, originally meant to be used for a colony house by all settlers when they

came here to settle. The house Mrs. Ahr lives in, with Mr. and Mrs. Frank Zinsmeyer, was built by Mrs. Ohr's father about 1856 with some modifications after remodeling jobs.
Below the house is a spring which went dry recently for the first time in the past 100 years. All of the settlers depended on the spring for home use and to water their animals. There are several banana trees growing there now.
The oak tree, where Nicolas Haby killed an Indian when he tried to steal some horses from a rail fence, still stands. Every one in surrounding communities came to the Haby Settlement to see the dead Indian, which Mrs. Ahr says was about 1869, when she was six months old.
The uncle, George Haby, built a log cabin, where the first school was held in 1851, and later a rock building to be used as a store and saloon. Andrew built another house to live in, and gave his old home as a church and school taught by Catholic Nuns. Andrew, who was first married to Josephine Beck, married Bridget Frey after his first wife died during child birth. Two of Andrew's children are still living — Mrs. Fred Jungman Sr., and Paul.
Other early settlers in the Haby community were Mr. and Mrs. Frank Schott, and children, Emil, Frank, Tony, Charles, August, Josephine, Joe, Mary, Albert, Eugene, Robert and Bertha; Mr. and Mrs. John B. Spettel and children, John, Mary (Mrs. Louis Shorp) and Joe. Mrs. Shorp married Jacob Koenig after his first husband's death, and was blessed with one child, August, who married Mildred Beck. After her death, he married Adella Hans, who in her husband's name, donated Koenig Park to the St. Louis Catholic Church at Castroville. The park was formerly known as Wernettes Garden.

Income Tax Booklet To Aid Area Farmers

Farmers who are confronted with problems growing out of the new social security phases of their Federal income tax returns, as well as with other points in their tax determinations, will get a big assist from the new 1956 edition of the Farmers' Tax Guide, R. L. Phinney, District Director of Internal Revenue Service in Austin announced today. This publication is now available at offices of county farm agents and local offices of Internal Revenue Service.
The 64-page booklet has been brought up to date by the national office of the tax collection agency with the aid of revenue agents in farm areas, the Federal extension service of the Department of Agriculture, and the state extension services of the Federal land grant colleges.

A million copies of the booklet have been printed again for nationwide distribution. Last year's edition was extremely well received by farmers and was highly commended by such groups as

the National Grange, the American Farm Bureau Federation, the Farmers' Union and the National Livestock Tax Committee.
In addition to describing in detail the steps to be taken by farmers in all categories in preparing their 1956 returns, the booklet also provides numerous examples on how to do it. A list of new topics is included along with a check list of items of farm income and expenses. Particular problems encountered by many farmers are clarified under a series of spot headings.
The booklet also deals with such subjects as farm inventories, depreciation, capital gains and losses, casualty losses and thefts, trades, condemnations and interest.

The publication contains considerably more material than is included in the information booklet which will accompany 1956 farmers' tax forms, scheduled to go into the mails late in December. Farmers who have had special problems during 1956 will be able to plan much of the calculation required by their returns by using the new guide, revenue officials said. It will enable those who file Jan. 15 estimates to do much of their computation in advance of actual form preparation.

The Haby Settlement had a cemetery, which was located on Jacob Haby's land, but remains were moved to the Castroville cemetery. The store and school still remains and owner Spettel Bendele says he will leave them as a monument to the Haby Settlement pioneers.
Mrs. Ahr says she can remember the men had to take trips to Port Lavaca, to pick up enough provisions for their families. It would take them several months to go there and back she said, and their families sometimes thought they were dead.

HABY SETTLEMENT'S first store and saloon, built by George Haby is pictured above. The building is now owned by Spettel Bendele, who has in his possession several bills, a ledger kept at that time and some old tax receipts. Bendele says he will leave the building as a monument to pioneers of the Haby Settlement.

THE FIRST SCHOOL, which is over 100 years old, still stands in the Haby Settlement. It was built by George Haby and is now owned by Spettel Bendele.

Lewis Boehle Honored At Chicago Meet

Mr. and Mrs. Lewis R. Boehle, Route 1, Hondo, spent Tuesday and Wednesday, Nov. 27 and 28, in Chicago attending the International Live Stock Exposition.

Highlights of their Chicago visit were a sight-seeing tour Tuesday morning, viewing livestock at the International Amphitheatre in the afternoon — including seeing the International Grand Champion Fat Steer picked — and attending the world-famous evening International Horse Show.

At a special breakfast Wednesday morning, he and other winners were honored by officials of the company.

How valuable is that piece of paper on which your prescription has been written? Your physician studied for many years in a medical university and interned in a hospital to learn how to write it.

Before we pharmacists can compound it, we spend years in a college of pharmacy and serve an apprenticeship to gain actual experience.

Both of us have to pass a state examination to prove our knowledge and ability. All this training is yours for just the few dollars fee you pay each of us.

Leandro Colunga Graduates From Recruit Training

Leandro Colunga, son of Mrs. Jesusita Colunga of Castroville, completed recruit training Nov. 15 at the Marine Corps Recruit Depot, San Diego, Calif.

Relatives and friends of many of the new Marines were on hand to witness the graduation ceremonies.

The 12-week training schedule included drill, bayonet training, physical conditioning, parades and ceremonies, and other military subjects.

Three weeks were spent on the rifle range where the recruits fired the M-1 rifle and received instruction in basic Marine infantry weapons.

No. 2259 GUARDIANSHIP OF SALLIE H. GOODING, A PERSON OF UNSOUND MIND.

NOTICE OF APPLICATION FOR AUTHORITY TO SELL REAL ESTATE OF SAID WARD.

Notice is hereby given that Glenn R. Gooding, Guardian of the person and estate of Sallie H. Gooding, a person of unsound mind, did on the 26th day of November, 1956, file a sworn application in the above entitled and numbered cause for an order of the County Judge of Medina County, Texas, authorizing the Guardian to sell at private sale the undivided one-half interest of said ward in Lots Nos. 1, 2, 3, 4 and 5, all in Block No. 19, out of the Tyler addition of the city of Sabin, in Uvalde County, Texas. Said application will be heard by the County Judge of Medina County, Texas in the Courthouse of Medina County, Texas, on the 10th day of December, 1956, at ten o'clock a. m. Anyone interested may appear at the time set by the court and show cause why such sale should not be made, if they so elect.

Witness my hand and official seal this 26th day of November, 1956. HENRY SCHULTE, County Clerk of Medina County, Texas.

Medina Residents Take Tours Through U.S., Other Countries

Several Medina County residents have just recently returned from trips throughout the United States and other countries. The following is a short sketch of what they saw while taking it easy for a while.

On Aug. 28, Arnold Wurzbach, Castroville, left for Europe on an European tour airplane from San Antonio to Houston to New York and from there to England.

Wurzbach arrived in London Aug. 29. Sight seeing through the city took him to Westminster Abbey, a church with no equal anywhere. He also saw royal tombs, the coronation chair, grave of the "Unknown Soldier," a tablet with the Old Testament written on it, Moses in the middle holding the law over his head, with Abraham, Isaac and Jacob and King David.

In all, he spent five days in London. He says the people "are hard for me to understand because of their accent." They also passed a place, on the outskirts of London, where a George Washington statue stood. The announcer said, "We did not want him, but the statue was given to us so we put him out here—we could find no other place."

On Sept. 4, Wurzbach arrived in Zurich, Switzerland, and toured through the country of Lucerne. The following day, he visited many places in the city, including the Sea of Zurich, which is 640 feet deep in some places. Wurzbach continued on his journey, traveling by taxi to

New Hausen, Germany, where many of his relatives still live. On Sept. 8, Wurzbach traveled to Munich, a city of one million inhabitants. He stayed there 25 days, visiting many places. Sept. 18, he flew to Rome, where he saw the interior of St. Peter's Church, then on to Madrid, Spain. From Madrid, he continued on his trip by stopping off in Paris, France. Wurzbach said he had much trouble with the language barrier.

It took 16 hours from Paris to New York and Wurzbach says he is "glad to be back."

Mr. and Mrs. Ralph Hutzler and son, Timothy, and Mrs. Adolph Hutzler, Biry residents, left Del Rio Oct. 28 and arrived at El Paso at 4:20 that same afternoon. There, they visited Mrs.

Sylvia Bolner and family, then left for Las Cruces, N. M. Mrs. Hutzler says they saw rain on the desert while in New Mexico, and one lady told them it was the first in a year. They also ran into a dust storm while there.

"We visited a jack rabbit ranch at Mesilla, N. M.," Mrs. Hutzler said. The ranch had 3,000 rabbits. Many fields in New Mexico and Arizona had "cotton pickers wanted" signs appearing on them.

The group visited date and orange groves at their next stop, Brawley, Calif. Upon arrival in Oakland, Calif., they found it not an unusual sight to see farmers making hay from mountains that are 5,000 feet high, with growth ranging from two to three feet. They then traveled to San Francisco, where they visited Chinatown, fisherman's wharf, and one of the oldest churches in the U. S., St. Mary's Church. They also visited Treasure Island, in Chinatown, they enjoyed tea and rice cookies.

From California, after visiting many other places of interest, the group toured Grand Canyon National Park and Carlsbad Caverns. After two weeks of touring, they returned to Del Rio, where Ralph lives, and saw a lot of places man-made and nature-made.

Mrs. Hutzler said, "Be it ever so humble, there's no place like home."

'E' Bonds On Increase In Texas

During October of this year, Texans increased their purchases of Series E Savings Bonds, Frank Vance, Chairman of Medina County Savings Bonds Committee reported today. Sales of the popular E bond increased 3.4 percent over the same month in 1955.

Total sales of Savings Bonds for the first ten months of this year in Medina County amounted to \$184,672, while sales in Texas were \$160,301,508 for the same period, Vance said.

"During this season of giving, I would suggest a gift which keeps on giving—United States Savings Bonds. You can make gifts of Series E Savings Bonds with absolute assurance that they will continue to appreciate in value for a period of up to 19 years and 8 months, when they will be worth 80 percent more than you paid for them. Meanwhile, they have a cash-in value of cost, plus acquired interest, at any time after the first sixty days," Vance advised.

REMEMBER WHEN

November 24, 1906

Almost a full column on the third page of the paper is occupied by posted notices. Hunters took many liberties in those days. Castroville news reports "Coun-rand Co. received a car of Rubber Tire Buggies one day last week."

The gin at Castroville had turned out 910 bales while that at LaCoste reported 840 up to Nov. 17.

The first killing frost of the season formed at Hondo Monday night.

J. M. Saathoff reported that his son, Eddie Ernest, was recovering after suffering for some months with a dislocated hip.

Deputy Sheriff J. W. Galbreath got two sore fingers and a black eye in a scrimmage with Will Gibson, colored, whom he had arrested on suspicion of burglary, when the prisoner attempted a get-away. Sheriff Ney and a posse joined Galbreath and the culprit was soon landed in jail.

Commissioners Court approved jury scripts for July, August and September to the amount of \$5,404.71.

All arrangements had been completed for the execution of Henry Brown, convicted murderer, which was to take place the coming Friday.

November 25, 1916

E. R. Leinweber, Isaac Wilson, W. H. Smith, J. G. Newton, V. P. King and R. P. Thomas, constituting the Board of Trustees of Hondo Public School, are out in a signed article urging a tax rate of 10c on the \$100.00 valuation in order to meet State Supt. W. F. Doughty's recommendation for better equipment for the school.

Richard Reilly of the Hondo Lumber Co. and Miss Eula Sullivan were married at the home of the bride in Centerville Leon County, last Sunday.

Supt. W. N. Saathoff is out in a signed notice to school patrons to the effect that the Compulsory School attendance law would become effective the first Monday in December, and urged strict obedience to the provisions of the law.

Miss Ella Hardt entertained the F. F. F. girls with a 42 party Thursday evening. Present were Misses Mabel Holloway, Lucille and Lorine de Montel, Elizabeth Schuchle, Dorothy Harris, Marie Pilleman and two guests Misses Prizel and Warren.

Horace King, the Overland agent, and George Carle of the City Tailor Shop, took a spin over the county Tuesday.

November 27, 1926

As an outcome of a recent called mass meeting to consider enlarging Hondo's street lighting system it was decided to displace the 16 200-candle power lights with a system of 46 400-candle power lights and distribute all over the town with the depot being the approximate center of the system, and the highway being lighted through its entire

length across the town.

Peter Johnson, oil operator, reported to the meeting that "all the big companies had quit operating in this field and offered to duplicate any amount local people would subscribe for further tests. In response to this offer, the soliciting committee, composed of Felix Batot, Joe Ney and H. F. King reported \$3,846.00 subscribed. Mr. Johnson reported his local wells producing a daily output of 72 barrels. Sixteen members of the Sophian Club were present at the Club's Wednesday meeting. Miss Lena Stone presided and Miss Willie D. Fly acted as Secretary in the absence of Miss Beatrice Brucks.

J. T. Kinnard of Luling and Miss Olga Rothe were married at the home of the bride's parents, Mr. and Mrs. Jacob Rothe, Wednesday.

November 27, 1936

Miss Dwyce Cameron, a bride-to-be, was complimented with a shower tea Thursday afternoon in the home of Mrs. D. H. Fly. Hostesses were Mesdames T. C. Barnes, Isaac Wilson, Will Muennink, E. D. Cameron, F. H. Schweers, Charles Gillispie, D. H. Fly and Miss Maggie Cameron.

Miss Ruby Rieber, bride of the week, was complimented with a miscellaneous shower Sunday afternoon at St. Johns Hall. Mesdames A. E. Weynand, John Fischer, Edgar Rieber, Maurice Lutz, Adolph Maier, and Hugo Batot and Misses Henrietta Batot and Earlie Batot as hostesses. The Owls won the right to play Carrizo Springs for the district championship by defeating Del Rio by a score of 14 to 13 Monday afternoon. The championship game was to be played on Barry Field Saturday.

November 27, 1946

Mrs. Andrew Eckhart went on her first deer hunt of her life on the first day of the hunting season and brought down a point deer with her first shot. She used a 22-rifle.

Hondo Lions Club voted unanimously to purchase an oxygen tent and placed it at the hospital to be used free of charge by all who need it.

A. G. Holloway opened a flying school about four and a half miles south of town. The field featured a 3600 foot runway. At present he had a Piper Cub for instruction.

Sheriff Jack Fusselman and Deputies Hitzfeld and Weber arrested two Californians, aged 18 and 19 who were in possession of a 1941 Oldsmobile which he longed to a Del Rio nurse and which they had stolen in that town. They were heading for Canada but were in possession of the car only two hours.

A movement to form a Soil Conservation district in conjunction with Bandera County was set on foot at a meeting for that purpose held at the courthouse Wednesday.

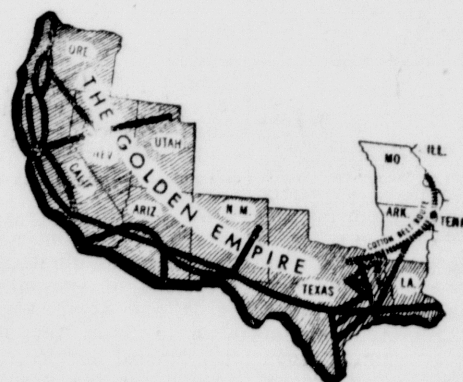

THIS IS THE WAY WE RUN OUR RAILROAD

Transportation service plus community service

Our family of 77,000 men and women contribute substantially to the economic progress and social welfare of every community in which we work and live.

We work as a team in producing dependable transportation services and, as volunteer workers, we actively support community health, welfare and character-building agencies.

Through this teamwork and civic spirit, we become better railroaders, and better citizens.
